PART I.

GENERAL.

Proceedings of the Government of Mysore,

READ—

Letter No. 273, dated 21st September 1901, from the Superintendent, Government Printing in Mysore :—

I have the honor to address the Government on the subject of binding, which work is gradually increasing and absorbing a large quantity of binding material which is paid for out of the Press annual allotment of Rs. 10,000, thus lessening the amount considerably for *bona fide* Press purposes.

(2) The following is a list of some of the binding work done here :—

1. Indian Law Reports.
2. Mysore Chief Court Law Reports.
3. English Law Reports.
4. Queen's Bench Division Law Reports.
5. Chancery Division Law Reports.
6. *Mysore Gazette* (might be fastened with thread).
7. *Fort St. George Gazette* (might be fastened with thread).
8. *Gazette of India* (might be fastened with thread).
9. Account books (printed and manuscript) of the Comptroller's office.
10. Proceedings of the Madras Board of Revenue (might be fastened with thread).
11. Paper Trays (Government has been already addressed on the subject).
12. Maps in wall or book form.
13. Central College Library Books.
14. Scientific and other periodicals—

Name of Book.		For whom bound.
(*a*) Nineteenth Century	...	Superintendent of Museum.
(*b*) Journal of Indian Art	...	Ditto.
(*c*) Journal of Education	...	Curator, Book Depot; Manager, Mysore Local Examination; Head Master, Chikballapur School.
(*d*) Educational Review	...	Superintendent of Museum.
(*e*) Adi—Sabha Parvas	...	General and Revenue Secretary.
(*f*) Technical Art series	...	Ditto.
(*g*) Indian Forester	...	Conservator of Forests.
(*h*) Indian Daily Weather Reports.		Director of Meteorology.
(*i*) American Monthly Weather Review.		General and Revenue Secretary, Director of Meteorology.
(*j*) Epigraphia Indica	...	Deputy Commissioners, Secretary, General and Revenue Departments.
(*k*) Lepidoptera Indica	...	Conservator of Forests, Deputy Commissioners.
(*l*) Museum Notes	...	Superintendent of Museum.
(*m*) Meteorological Observations	...	Director of Meteorology.
(*n*) Botanical Magazine	...	Superintendent, Government Gardens.

15. Dictionaries.
16. File Boards, open and closed.
17. Portfolios.

(3) I would propose that such work as is not of great importance, and which therefore may be bound cheaply, be bound by Officers and Departments at their own cost, locally or by mutchis in their offices; such as—

Mysore Gazette.	*Fort St. George Gazette.*
Gazette of India.	Proceedings of the Madras Board of Revenue.

(4) The list of books given in item 14 of para 2 do not appear to be books purchased an kept by Departments under the authority of Government, and therefore should not be sent t the Government Press for free binding.

(5) I am informed that there are some books which cannot conveniently and safely b sent to the Press for binding (from the Public Works Examiner's office and the Public Work Department Secretary's office). In these cases binders are sent from this Press, while th Departments concerned supply their own material. If this procedure is adopted in specia cases, it proves that binding work can be done by offices and Departments themselves and tha too out of their own funds.

(6) I also note from the Press Registers that private binding work is taken in by thi Press, and paid for. This interferes with the regular course of work in the Press, necessitatin the keeping of accounts and a greater establishment than is necessary. Government may b asked to put a stop to this practice.

(7) Our annual indents show that there are thousands upon thousands of books whicl must be bound and issued, for which a very large quantity of material is used, hence it is ver necessary in the interests of Government that binding work which is not justly chargeable t Government be put a stop to. Early orders are therefore solicited on the subject.

No. 8474-521—MIS. 1364, DATED BANGALORE, 4TH DECEMBER 1901.

ORDER THEREON.—The Deputy Commissioners of Districts and Heads of Depart ments are requested to report to Government at an early date, as to why mutchi and book-binders should not attend to such book-binding work as is not of grea importance and which may be done cheaply in their own offices. They are also re quested to furnish Government with a list of books that can be thus bound in thei own offices.

READ—

Letter No. 621, dated 4th January 1901, from the Deputy Commissioner, Tumkur District, submitting the travelling allowance bills of the District Irrigation Well Mestri, for June and August 1900, amounting to Rs. 6-11-6 and Rs. 13-13-3, respectively, and soliciting sanction t the mileage of two annas in lieu of the permanent monthly allowance as therein charged fo journeys performed within his jurisdiction for more than 20 miles a day.

(2) Letter No. 877, dated 12th February 1901, from the Deputy Commissioner, Kola District, submitting for sanction the travelling allowance bills of the District Irrigation Wel Mestri for April, May, June, July, August and September 1899, aggregating Rs. 99-12-3.

No. 8590-8—P. & A. 655, DATED BANGALORE, 5TH DECEMBER 1901.

ORDER THEREON.—As the Irrigation Well Mestris are in receipt of permanen monthly allowances, they are not, under Article 545 of the Mysore Service Regula tions, entitled to exchange their permanent monthly allowances, for ordinary travel ling allowances for journeys within their jurisdiction, which extends over a whol district. But taking into consideration the insufficiency of the allowance wher compared with the areas they have to travel, Government are pleased to direct that these Weli Mestris be exempted from the operation of Article 545 and allowed to exchange their permanent monthly allowance for travelling allowances at the following rates for journeys either within or beyond their jurisdiction :—

(1) Mileage at one anna and six pies for journeys of more than 20 miles a day as in the case of the Taluk Mestris.

(2) Railway fare and daily allowance at the rates admissible under the Regulations.

2. The bills received with the letters read above are forwarded to the Comptroller for audit accordingly.

READ AGAIN—

Government Proceedings No. 6358-97—Mis. 1891, dated 2nd December 1899, approving of the suggestion of the Superintendent, Government Press, to make use of forms and blank printed books, which have become obsolete, for taking rough proofs.

READ ALSO—

Letter No. 287, dated 23rd September 1901, from the Superintendent, Government Press.

With reference to my predecessor's No. 408, dated 18th November 1899, with Government Order thereon No. 6358-97—Mis. 1891, dated 2nd December 1899; and also his No. 389, dated 7th November 1900, with Government Order thereon No. 7265-304—Mis. 1850, dated 24th November 1900, I have the honor to state that small covers, thin badami covers, and crumpled-up forms are of no practical use to the Press for proofs. Rough proofs cannot be properly pulled on inferior kinds of paper. This is very unfair to the proof-readers, as in the case of ruled forms, the impression of the type gets mixed up with the rules; and in the case of inferior, used, and dirty crumpled-up paper (and it cannot be otherwise), the impression is not legible. This necessitates the "reading" of proofs over and over again, which is no saving either in time or money; on the contrary, there is delay. Proofs so unsatisfactorily pulled have been the cause of eye-diseases among the proof-reading staff. I would suggest that no covers need be sent to the Press in future. The experiment has been given a fair trial, and has proved a failure. Large quantities of these useless covers are collected, packed, carried by the Post Office, and delivered to the Press daily, only to be burned the next morning. A man on Rs. 12 a month is set apart in the Press for the sorting, etc., of these covers, and seeing them burnt.

2. In the case of obsolete and used-up forms and books, however, the case is different But instead of sending them here, these should be sent to the Jail, where convict labor can be utilised in converting them into boards. A very large quantity of boards are consumed annually for book-covers, etc., especially for the Education Department. If the Jail make the manufacturing of these boards a speciality, there would no doubt be a great saving to Government, as the outlay would be almost nil, used-up forms, blank books, etc., being all that is necessary, with some paste, and an ordinary wooden pressing machine, which could be made at the Jail. If Government approves of this, I would suggest a trial be given to the manufacture of these boards for a year, and all Heads of Departments and Deputy Commissioners be instructed to collect the papers, of the size of foolscap half sheet and above, and send them once a month to the Central Jail, where they should be sorted by sizes, and boards of sizes prepared.

3. The Jail Superintendent may be addressed on the subject.

No. 8545-84—Mis. 1380, DATED BANGALORE, 5TH DECEMBER 1901.

ORDER THEREON.—Government concur in the opinion expressed by Mr. Hume Wright in para 1 of his letter read above, that the experiment has been given a fair trial and that it has not proved advantageous in its results, and accordingly direct that the practice of sending used covers and other useless papers to the Press be put a stop to at once, as it does not seem to be worth the expense of packing and carriage.

2. The Inspector General of Prisons is requested to favor Government with his opinion as to the suggestion made in para 2 of the Press Superintendent's letter, to the effect that waste paper from offices may be made into pasteboards at the Central Jail, Bangalore.

Docket No. 107, dated 24th November 1901, from the Superintendent of Stationery, requesting to be authorised to dispose of all tenders for the supply of stationery articles.

No. 8546—G. F. 10-1900, DATED BANGALORE, 9TH DECEMBER 1901.

ORDER THEREON.—The Superintendent of Stationery is authorised to call for tenders for the supply of stationery articles and open them himself. But the sanction of Government should be obtained for final acceptance of the highest or any other tender. A report with the Superintendent's opinion should be submitted, together with all the tenders that may be received.

READ—

Letter No. 1228—T. A. 52, dated 16th August 1901, from the Comptroller to the Government of Mysore, submitting for reference the travelling allowance bills of the Amildar of the Bowringpet Taluk for May and June 1901 and of his establishment for June 1901, wherein double railway fare has been claimed for the journeys performed within the Taluk, and requesting to be informed whether the fare intended by Government in Proceedings No. 9372-3—Fl. 975, dated 22nd May 1901, for such journeys is single or double.

(2) Letter No. 2719—94, dated 15th October 1901, from the same officer, stating that Tahsildars and Tahsil's officials in British India are entitled to double railway fare for journeys by rail performed within their jurisdiction.

No. 9777-85—P. & A. 757, DATED BANGALORE, 20TH DECEMBER 1901.

ORDER THEREON—Government are pleased to direct that on the analogy of the British Service Regulations, Amildars and such of the Taluk officials as may accompany them on duty be granted double railway fare when travelling by rail within their jurisdiction.

2. The note and the exception to Article 532 of the Mysore Service Regulations have not as yet been inserted as ordered in Government Proceedings No. 9372-3—Fl. 975, dated 22nd May 1901. The Comptroller is requested to insert them at a very early date, with the alterations necessitated by this order.

3. The bills received with the first of the letters read above are returned.

EDUCATION

Proceedings of the Government of Mysore,

READ AGAIN—

Government Proceedings No. 162-172½—Ed. 11, dated 4th July 1896, directing that the Village School Funds should not be utilized for English education unless there should ordinarily be forthcoming a contribution from the public of not less than one-half of the cost either in the shape of fees or special subsidies.

(2) Government Proceedings No. 4100-4—Ed. 98, dated 4th September 1901, sanctioning a monthly grant of Rs. 20 in aid of the English classes in the Government Kannada School at Periyapatna, and calling upon the Inspector General of Education in Mysore to submit a report on the general question of desirability of Government continuing to subsidize English classes in village and Branch Taluk schools.

READ—

Letter No. 3468—119, dated 8th October 1901, from the Inspector General of Education in Mysore.

With reference to para 3 of Order No. 4103-4—Ed. 98, dated 4th September 1901, I have the honor to enclose herewith a statement showing all the particulars asked for of the English schools in villages aided from the Village School Fund. There are eight such schools, of which one was started last month. The school at Masti will be closed from 1st January 1902. In the remaining seven schools, two of the teachers have passed the B. A. Degree Examination in the Vernacular, two have passed the F. A. Examination, two are Matriculates, and one is an unpassed but efficient teacher. The quality of the teaching is tested at the periodical inspections and at the Lower Secondary Examinations, and is satisfactory except perhaps in one school. The fact that the people pay in advance half of the cost into the Treasury before a grant is sanctioned is some guarantee of the demand that exists for English education. The little knowledge of English that the pupils acquire, may serve as a preparation for a High School course at the District head-quarters after passing the Lower Secondary Examination, or may prove useful to servants on coffee estates or those employed in trade.

2. In some schools at the end of the first year the second annual payment in advance into the Treasury is more than recovered from the first year's fees. In such cases the Deputy Inspectors have been instructed to induce the managers to spend the excess on the better equipment of their schools with furniture, maps and books. When the fees of the Government English Middle Schools are raised, the same rates will be levied in the Aided Schools. Then it may be ruled that the grant of Government will not be as now twice the amount paid into the Treasury, but only half as much more. Thus the fees will cover two-thirds of the cost, and the grant one-third.

No. 8398-9—Ed. 181, DATED BANGALORE, 2ND DECEMBER 1901.

ORDER THEREON.—Government have not much faith in the usefulness of the instruction imparted in English classes in village schools. In future, the grant from Government will be reduced from one-half to one-third of the cost involved in the opening of such classes, and Government are confident that the Inspector General will discountenance applications in this regard, except in places where, and in circumstances under which, he is satisfied that the little English learnt is likely to be turned to good account by the pupils concerned prosecuting their English studies further by joining an institution where a High School course could be gone through.

Proceedings of the Government of Mysore,

READ—

Report on the Administration of Jails and Lock-ups in the Mysore State for the official year 1899-1900, submitted by the Inspector General of Prisons.

No. 8643—J. 758, DATED BANGALORE, 5TH DECEMBER 1901.

ORDER THEREON.—The number of prisoners that remained at the beginning of the year under review was 1,104; adding to this the number admitted during the year, *viz.*, 7,455, the total prison population was 8,559 or 316 more than in the previous year. 3,518 convicts, 3,990 under-trial prisoners and 67 civil prisoners, or in all 7,575 prisoners were discharged from all causes, leaving 984 prisoners at the close of the year. The average daily strength of prisoners decreased from 1,040·480 to 1,011·263.

Two hundred and thirty-eight convicts obtained their release under the Remission Rules and 13 under the Ticket-of-Leave Rules as against 143 and 4, respectively, during the year previous.

2. There were 213 re-committals as against 151 in the last year and the number of juveniles admitted during the year was 28 males and 1 female, of whom 3 males had been previously convicted.

3. Twelve prisoners escaped during the year while employed on outdoor work, of whom 8 were subsequently recaptured. Steps should be taken to re-arrest the remaining prisoners who are still at large.

4. It is satisfactory to observe that the conduct of the prisoners has been generally good since the introduction of the New Mark Rules.

5. The total expenditure incurred on the up-keep of the prisons in the State during the year under review was Rs. 1,00,117 or Rs. 4,527 more than in the previous year, the increase being mainly under the heads "Diet" and "Contingencies;" the increase under the former head is reported to be due to the increase in the daily average number of prisoners in the Mysore and Shimoga Jails and in the Lock-ups and that under the latter head to the payment of travelling allowances to prisoners who were released on the 6th June 1900, on the auspicious occasion of the marriage of His Highness the Maharaja. Deducting from the total expenditure Rs. 13,041, the cash profits on manufacture, etc., the total net cost amounted to Rs. 87,076, the average net cost per prisoner being Rs. 72-2-3 as against Rs. 70-6-1 in the last year.

6. The health of the prisoners was more satisfactory than in the previous year, as only 16·461 were sick out of a daily average of 1,011·263 prisoners as against 30·310 in the year preceding with a daily average of 1,040·480 prisoners. Eleven convicts and 1 under-trial prisoner died as against 12 convicts and 2 under-trial prisoners in the last year.

7. The Inspector General's attention is invited to Government Proceedings No. 16288—J. 1624, dated the 7th June 1901, and he is requested to expedite the report for the calendar year 1900.

Memo No. 5384, dated the 1st November 1901, from the 1st Assistant to the Resident in Mysore to the Dewan of Mysore, forwarding a copy of the following letter No. 3137—C., dated the 8th October 1901, from the Government of India, Military Department, to the Adjutant General in India :—

I am directed to acknowledge the receipt of your letter No. 2761—D., dated 13th September 1901, forwarding for the approval of the Government of India, a draft G. O. C. C. amending the "Shooting Pass Rules, 1900" so as to allow of Warrant Officers and Sergeants on the permanent staff of Hill Depôts, Sergeants of Royal Engineers attached to the Corps of Sappers and Miners, and Sergeants of the Sub-Marine Mining Company being granted passes to shoot alone, also to allow of private arms being kept in the store-room.

2. In reply, I am to say that the Government of India approve of the proposed amendment.

ENCLOSURE.

Draft G. O. C. C.

With the approval of the Government of India, the following amendments are published, in the rules relating to shooting by British Warrant Officers, Non-Commissioned Officers, and private soldiers, and to the grant of shooting passes, as promulgated in G. O. C. C. No. 743 of 1900 :—

Add the following fresh clause to Rule 3 :—

"An exemption may be made in the case of Warrant Officers and Sergeants on the permanent staff of Hill Depôts, Sergeants of Royal Engineers attached to the Corps of Sappers and Miners and Sergeants of the Sub-Marine Mining Company who may be granted passes to shoot alone, provided the Officer granting a pass is satisfied that the Warrant Officer or Sergeant has sufficient knowledge of the language to enable him to converse with the inhabitants; and provided also that Warrant Officers and Sergeants on the permanent staff of Hill Depôts are only granted this concession during the winter months."

Rule 18 in line 4 for "store chest" read "store-room."

No. 9150-58—J. 821, DATED BANGALORE, 13TH DECEMBER 1901.

LEGISLATIVE

Proceedings of the Government of Mysore,

No. 9270-308—Legis. 57, dated Bangalore, 14th December 1901.

Order—A large body of suggestions and criticisms has been received in regard to the draft rules under Regulation II of 1901, which were published with Notification No. 13319—Legis. 93, dated the 9th April 1901. Government take this opportunity of acknowledging their indebtedness to the various gentlemen, both official and non-official, who have been good enough to place the benefit of their experience and judgment at the disposal of Government in the devising of suitable measures for the preservation of Game and Fish in the Mysore State. While the welfare of the animals themselves has been, as it must be, the primary consideration, Government have had at the same time to guard against unnecessary or vexatious interference with the reasonable requirements and immemorial customs of the people, and also, as far as possible, to consult the convenience of the more limited class interested in sport. In providing for these somewhat inconsistent interests, it has not always been possible to accept suggestions put forward on various points. But it is hardly necessary to add that the views submitted have in all cases received careful attention.

2. Government have not seen their way to accept certain proposals for amending Regulation II of 1901, the amendments being either unimportant, unnecessary or undesirable.

3. Alterations have likewise been proposed in the rules under the Arms Regulation, with a view to the enhancement of license fees, the rendering more stringent of the conditions of licenses, and the restriction of the right to possess fire-arms generally to a smaller number of individuals. Government regret they are not prepared at present to deviate from the existing system, based as it is substantially on the Arms Law in force in British India. They will, however, impress on their District Officers the necessity for scrutinising more closely applications for the grant of gun-licenses, and refusing to grant or renew such unless good and sufficient reason is shown in that behalf.

4. In accordance with the nearly unanimous recommendation of the gentlemen consulted, it has been decided to apply the Game and Fish Preservation Regulation to the whole of the Mysore State, instead of to particular areas only. A similar general application has also been decided upon in the case of the rules thereunder, subject, however, to the new Forest Regulation, which contains special provisions in regard to the regulation of fishing and the pursuit of game in forest lands (*i. e.*, State Forests and forests under special protection).

5. As it has been represented that monkeys and parrots often occasion much damage to crop, a proviso will now be added, permitting their conditional destruction, similar to that embodied in section 12 of the Regulation in regard to game.

6. The partial protection against killing or capture contemplated in the case of certain animals has been restricted to three years; jungle-fowl have been omitted from the scope of the rule; and the protection has been extended to birds with brilliant plumage, which are now being largely destroyed for commercial purposes, and to antelope, which have become much reduced in numbers owing to reckless destruction.

7. Instead of fixing in the rules a definite period during which perennial streams and lakes shall necessarily be closed against fishing, it has been thought advisable to give the Deputy Commissioners discretion to act in this matter according to local conditions and requirements. The spawning season (should this be the period decided upon) has been specified in detail for different cases.

8. The minimum size of meshes for nets has been slightly altered, to two inches in the case of perennial streams, and one inch in other cases.

9. In employing the expression "shoot at and kill" in the original Rules 6, 7 and 8, the idea of Government was to make the restriction contained therein applicable in the first instance only to the killing of animals by the use of fire-arms. There is reason to believe that many more animals under cover are slaughtered in this way than by other modes of destruction. And any considerable curtailment of

the immemorial customs of the people in regard to the spearing, netting, etc., of game can only be effected gradually. While, therefore, it is not the intention of Government at present to extend the scope of the provision *in regard to licenses* to such modes of killing, they have, at the same time, been convinced that, so far as the prescription of a close season in the interests of animals is concerned, it is undesirble to make any distinction between the various ways in which animals may be killed. The rules have been altered accordingly.

10. With regard to the periods of close season for the different classes of game, the opinions expressed have been more or less conflicting. Government have, however, given their most anxious consideration to this important question; and have had the original rules re-cast and considerably altered in the light of the information available; and they trust that the revised rule will be found sufficiently accurate and acceptable for all practical purposes. It will be noticed that a special close season has been fixed for feathered game of the migratory variety (*viz.* duck and teal, snipe not being included in the definition of "game"), from 1st May to 1st October.

11. The taking out or destruction of the eggs of game birds has now been made punishable.

12. In accordance with the recommendation made from more than one quarter, the vending of game and fish within Municipal limits without a license (to be obtained on a nominal fee) has been prohibited, this being one way in which their destruction on a large scale can be indirectly controlled.

13. The fee fixed for District licenses for the pursuit of game has been reduced from Rs. 10 to Rs. 5 per annum; but the additional fee for Provincial or Forest game licenses will remain at Rs. 20, which is not considered excessive.

14. The function of countersigning licenses intended to apply as well to State and protected forests as to other places, will be assigned to the Conservator of Forests, and that of countersigning licenses applicable to all the Districts generally (the forests above excepted) to the Inspector General of Police, these being the officers best fitted to judge as to the desirability or otherwise of granting such licenses.

15. The power to demand the production of licenses has been extended to all persons who are empowered to arrest offenders, as the power to arrest cannot always be properly exercised without information as to whether a person is acting under authority of a license or not. Government regret they do not consider it expedient at present to empower private persons to exercise the power of arrest.

16. A new rule has been added, embodying the penalty to which a breach of the rules renders the offender liable under section 8 of the Regulation.

17. The question of offering rewards for the destruction of wild dogs, etc., will be separately dealt with.

18. The rules as finally revised are printed as an annex to this order, and will also be separately notified in the *Mysore Gazette* both in English and in Kannada for general information. Deputy Commissioners are requested to give wide publicity to the rules among the people of their Districts.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Heads of Departments.

The Deputy Commissioners of Districts, with the request that they will communicate this order to the non-official gentlemen, if any, in their Districts, from whom opinions have been received.

NOTIFICATION.

I With reference to sub-section (2) of section 1 of the Mysore Game and Fish Preservation Regulation, II of 1901, it is hereby notified that the local area to which the Regulation extends shall comprise all the Districts in the Mysore State.

II. 1. In exercise of the powers conferred by the said Regulation, II of 1901, the Government of Mysore are further pleased to prescribe the following rules, which shall come into force throughout the State on the 1st day of February 1902:

Provided that, as regards State Forests and lands specially protected under section 35 of the Mysore Forest Regulation, XI of 1900, the operation of these rules shall be subject to the provisions of the said Forest Regulation and the rules, if any, framed thereunder.

2. The killing of monkeys, Brahman kites, parrots, and birds of song is absolutely prohibited:

Provided that any owner or occupier of land may kill (as well as capture or pursue) monkeys or parrots doing damage to fruit or other crop growing thereon, so far as the same may be necessary for the protection of the crop.

3. The killing or capture of birds with bright colored plumage, of pea-fowl, and (except with the special permission of Government) of antelope, is prohibited in all parts of the State for a period of three years from the coming of these rules into force.

4. The following acts in respect of any stream or lake (*i. e.*, tank) with a view to the capture or destruction of fish are forbidden, that is to say,—the poisoning of water, the placing or throwing of dynamite or other explosive or deleterious substance in water, the setting of fixed engines, and the use of nets having a mesh below two inches in the case of perennial streams and one inch in other cases.

5. Deputy Commissioners are authorized to declare, from time to time, by notification in Part II of the *Mysore Gazette*, all or any streams or lakes or any portion of the same to be closed against fishing during any year or part of a year or during the spawning season, and, in like manner, to prohibit for like periods, the capture or destruction of any particluar species of fish therein.

Explanation.—The spawning season is as follows:—

as regards streams running to the west coast—from 1st March to 31st August;

as regards streams running to the east coast—from 1st May to 30th November;

in other cases—from 1st June to 31st December,—both days inclusive.

6. It shall not be lawful for any person to kill—

(*a*) hares, or any description of feathered game other than migratory birds (*i. e.*, other than duck and teal), between the 1st of March and the 1st of September in any year;

(*b*) duck or teal, between the 1st of May and the 1st of October in any year;

(*c*) the females, whether mature or otherwise, or the immature males, of bison, sambhar, antelope, ibex, or any variety of deer, at any time of the year; and

(*d*) any other game between the 15th of June and the 15th of October in any year.

7. The taking out or destruction of the eggs of game birds is absolutely prohibited.

8. (*a*) No person shall sell or expose for sale any kind of game during the close season prescribed in these rules.

(*b*) Deputy Commissioners are authorized to prohibit the sale of fish in the neighbourhood of any stream or lake or portion thereof closed against fishing under rule 5, or the sale in such neighbourhood of any species of fish of which the capture or killing may have been prohibited under that rule:

Provided that nothing herein shall apply to fish which the person selling or attempting to sell the same can prove to have been caught in some place where its capture was not unlawful.

(*c*) It shall not be lawful for any person to sell game or fish at any time within the limits of any Municipality unless he shall have obtained a license in this behalf from the President or Vice-President of the Municipality, on payment of a fee of 4 annas, such license being renewable at the end of every year on payment of a like fee.

9. Except to the extent permitted under section 12 of the Regulation, no person shall shoot at and kill game, or attempt so to do, without a license in the form appended to these rules, to be obtained from the Magistrate of the District on payment of a fee of five rupees. The District Magistrate shall be at liberty either to grant or to refuse to grant a license; or, if satisfied that the conditions of a license have not been complied with, whether wholly or in part, to withdraw or cancel the same at any time.

10. A license granted under the preceding rule shall cover only the individual in whose name it was issued, and shall not be transferable to any other person. It shall be available only till the expiration of the calendar year for which it was granted; but it may be renewed, previous to such expiration, on payment of a second fee.

Such license shall, on payment of a further fee of twenty rupees, and on countersignature by the Conservator of Forests in the case of State Forests and lands specially protected under section 35 of the Mysore Forest Regulation, and in other cases by the Inspector General of Police or other officer authorized in this regard by the Government, be valid for all the Districts in the State.

11. The power to arrest offenders under the circumstances referred to in section 11 of the Regulation, (*i. e.*, where the offence is committed in the view of the person making the arrest and the offender on demand refuses to give his name and address or gives a name and address which there is reason to believe is false) may be exercised by the following persons, namely:—

all Forest Officers including Forest guards;
all Police Officers including constables; and
all officers of the Revenue Department (including Land Revenue, Excise, Sayer, etc.,) of or above the rank of Patel or Shanbhog.

12. Any person holding a license granted under these rules shall be bound to produce the same when called upon to do so by a Magistrate or by any of the persons enumerated in the preceding rule.

13. Any breach of the above rules will render the offender liable on conviction to the penalty provided in section 8 of the Regulation, namely fine not exceeding one hundred rupees.

(Counterfoil.)

To be retained by the issuing officer.

"3. It is possible that a short bill to amend the Indian Forest Act in certain particulars may be introduced at an early date into the Legislative Council of the Governor General. Should such a bill be passed, the Mysore State might then consider whether similar amendments should not be made in the draft [Forest] Regulation which has now been accepted."

(2) This office letter No. 16128—Legis. 120, dated the 1st June 1901, to the First Assistant to the Resident in Mysore :—

"Adverting to your letters No. 5965, dated the 13th November 1900, para 3, and No. 868, dated the 21st February 1901, I am directed to forward, for favor of submission to the Government of India for approval, a copy of draft of a Regulation to amend the Mysore Forest Regulation, XI of 1900.

"2. The object of the proposed measure, which is based on the Indian Act V of 1901, is—

firstly, to amend Section 29 of the Forest Regulation so as to make persons enjoying rights in State Forests liable to punishment unless they turn out of their own accord and render assistance in extinguishing, and in preventing the spread of, fires in such forests;

secondly, to extend to lands placed under special protection under clause (iii) of Section 35 of the Forest Regulation the provisions of Section 29 as above amended; and

thirdly, to empower the Government to suspend rights in lands placed under special protection as aforesaid in cases of fires caused therein wilfully or by gross negligence, a power already vested in Government in regard to State Forests under Section 28 of the Regulation."

READ—

Letter No. 147, dated 15th August 1901, from the President, District Fund Board, Chitaldrug, submitting for sanction, revised District Fund budget estimates of the Chitaldrug Circle for 1901-02.

(2). Letter No. 534, dated 18th September 1901, from the Comptroller, stating with reference to this office docket No. 4335-36—L. F. 9-01, dated 9th idem, that the approximate balance in favor of the Board on 1st July 1901 is Rs. 27,675.

No. 8667-71—L. F. 9-1901, DATED BANGALORE, 6TH DECEMBER 1901.

ORDER THEREON.—The increases proposed in the above are given hereunder :—

RECEIPTS.

IV Midwives	125	
VI Conservancy and Sanitary charges	117	
IX Contributions	245	
X Miscellaneous (3) Repairs to cattle-pounds	124	
(8) Pensions	20	
		829

2. *VII Contributions.*—The source from which an increase of Rs. 800 is expected during the current year should have been explained. The omission should now be supplied. Pending information the estimate will stand.

3. *Opening Balance.*—According to the Comptroller's letter read above, the approximate balance at the beginning of the year is only Rs. 27,675 and not Rs. 28,407 as proposed by the President. The former figure will be adopted in the present budget.

EXPENDITURE.

4. *Public Works.*—The supplemental grants proposed for works to be executed by Public Works Department include Rs. 80 under II Repairs for the maintenance of two out of ten miles of Davangere-Hadadi road which is stated to have been omitted in the original budget. This provision and other items for works, etc., for which details are given in the accompanying Appendix A are approved. The President is requested to see that such omissions are not allowed to occur.

CIVIL CHARGES.

5. *I. Office Establishment.*—The increase of Rs. 60 provided under this head is stated to be on account of contingent allowance of the President's office at Rs. 5 per mensem. The provision is passed with the observation that the full amount required should have been provided in the original budget.

6. *Midwives.*—As recommended by the Senior Surgeon, a sum of Rs. 125 is newly entered in the present budget for the training of a woman as midwife. This is allowed.

7. *Hospitals and Dispensaries.*—To meet the charges of bedding and clothing for in-patients in Local Fund Dispensaries, a provision of Rs. 138 is entered as recommended by the Senior Surgeon. This is retained subject to the submission of a bill of charges actually incurred for the supply of bedding and clothing to the several dispensaries in the district.

8. The other items are passed.

9. The revised budget estimates of receipts and expenditure of the District Funds of the Chitaldrug Local Fund Circle for 1901-02 are sanctioned as noted below. The usual details are appended.

L. B. B. (PLAGUE.)

Proceedings of the Government of Mysore.

READ—

The following letter No. 176 P., dated 6th September 1901, from the Officiating Senior Surgeon and Sanitary Commissioner with the Government of Mysore, to the Assistant Secretary to the Government of Mysore, Local Boards Branch, Bangalore.

With reference to the present plague epidemic in Mysore, and the means best calculated to combat it, and especially with reference to what is being done there with a view to improve the sanitation of the City, I have the honor to offer the following remarks:—

(2) At my last visit I was accompanied during my peregrination through the City by the Executive Engineer, the Vice-President, and the Plague and Health Officers. It appeared that there was a proposal before the Municipality which involved the complete clearance of four of the worst blocks in the City, and that the Vice-President had already begun to carry this proposal into effect. So we visited these blocks first. My intention in visiting these parts was to see whether it were possible to so open them up by making parallel lanes through them, that they might be rendered fairly healthy at a rate cheaper than that involved in their total removal.

(3) Two of these blocks, the Erangere and Govlagere, are near the Convent: nothing seemed possible to be done with the former save its demolition, but the latter of much less extent seemed capable of being rendered healthy by making a wide road behind it along the Convent wall and thus provide for the admission of the Conservancy establishment and the ready removal of rubbish.

(4) The third block on the high ground opposite the City Hospital was already in course of demolition and anyhow was quite beyond improvement by any other course than that which is being carried out.

(5) The fourth block (Walagagere) seemed quite capable of being opened up, and the Municipality had already made many roads through it, by which the houses remaining were being made accessible to the Conservancy establishment. New roads were in course of construction and I expressed the opinion that if this road-making were carried out as it was apparently intended should be done, this congested locality would become a fairly healthy one.

(6) We then visited most of the worst places and the Vice-President pointed out the work that was being carried out and that it was proposed to carry out. I was surprised at the way the interior had been opened up since my inspection of the place last year.

(7) This process of opening up the town by conservancy road meets several sanitary requirements, *viz.*, the removal of many insanitary houses, the placing of those left behind within easy access of the Conservancy establishment as well as admitting light and air to those houses, and opens up the possibility of an effectual drainage system for the town. Having thus made roads through the congested areas, drains may be led along them into which the branch drains from the adjacent houses may be led without leading them under any houses at all. But, as pointed out by the Executive Engineer, these lanes ought to be aligned with due regard to the contour of the surface so that they may finally lend themselves properly to the purpose of drainage.

(8) And then as to the drainage itself, Mysore seems to me to be exceedingly well adapted for drainage. The contour of the surface is practically perfect for this purpose. Such drains as exist at present do very little real drainage. They all allow so much soakage into the soil that except in times of torrential rains very little of the sewage ever reaches the mains, it practically all soaks into the earth. It is very doubtful whether such drainage is of any real value except for the removal of storm-water. I would strongly recommend therefore that all drains to be laid in future be laid on a water-tight bed. Drainage by pipes could easily be carried out were the water-supply sufficient. This system is a partial success in the Fort in Mysore, where it has the least chance of succeeding. If such a system were laid down with the same care in the City generally, and adequate flushing provided, an enormous stride would have been taken in making Mysore a healthy City. The system of opening up the City by parallel roads will bring pipe-drainage within the range of practical engineering.

(9) A point prominently brought forward by the Executive Engineer was the necessity of suitably and immediately providing proper drainage for the new extensions, otherwise they will very rapidly become sewage-logged just like the old City. I cordially endorse his opinion on this matter. If new extensions are to be opened up, their proper sanitation should go on *pari passu* with their progress in other respects.

(10) While ventilating the City in the manner I have described by the construction of numerous parallel roads separated by only one or two houses, is a most excellent plan of improving the City, I still hold, as I did last year, that the clearance of large areas to be enclosed by fences and kept as lungs for the crowded surroundings, ought to be steadily kept in view. If after some years' exposure in this way the necessity for rebuilding on these areas again arose, rebuilding might be carried out under adequate sanitary supervision.

(11) The question of disinfecting wells was also discussed with the Health Officer, especially in regard to recent complaints in the press as to the manner in which such disinfection has been carried out. I found that the press had greatly exaggerated the disinfection scare. It will always be possible for interested or mischievous persons to raise difficulties of this sort in the way of the Health authority. In the present instance the outcry against permanganate disinfection blazed abroad, as it was by so-called educated persons, amounted merely to an exhibition of the ignorance of the shouters in the simplest scientific matters.

(12) However, I advised the disinfection of private wells to which the public had no access except at the request of the owners. The possibility of such wells becoming infected by sub-soil communication with remote public infected wells is so small that I do not consider the question worth consideration at present.

(13) All public wells in Mysore should be closed by covering them in with granite slabs overlaid with a thick layer of earth. I do not advocate their being filled up because they might be of use some day or other. But at present they are a gratuitous menace to the public health, seeing that a good water-supply is everywhere available from the Cauvery supply.

(14) I may perhaps here repeat my warning in my last report as to the necessity for protecting the public water-supply of Mysore from contamination, contamination to which it is daily and hourly liable. I mentioned this fact to a gentleman in Mysore at my last visit and he replied: "Oh, have we not got an excellent filtering system through which all hurtful organisms must be arrested." This is a terrible delusion to labour under. The filter-beds have their advantages, but they cannot be expected to do everything and one thing they must not be expected to do, *viz.*, to render safe a water infected with comma bacilli (cholera germs). So the lesson is, protect the water from contamination throughout its whole course from the Cauvery to the filter-bed-cover in the open channel, erect a proper railing round the reservoirs and filter-beds, and then the latter can be trusted to do just what they can do.

2. Government regret to observe that budget statement No. 1 has not been correctly prepared in accordance with the instructions contained in official memorandum No. 6663-70—167, dated 8th December 1869. It is not clear nor is it explained how the probable collections of the second half of the year 1900-01 entered in column 5 of the statement have been arrived at. The actual collections of the latter half of the year 1899-1900, will be substituted for figures in that column as probable collections.

Receipts.

3. *I. Octroi.*—The proposed estimates under the sub-heads noted below are not supported by the actuals of 1899-00 and probable collections of 1900-01 nor is it explained why such liberal estimates have been framed. As no special reasons have been assigned for expecting increase over the actual collections of 1899-00 and the probable income of 1900-01, the estimates will be reduced as specified against each item :—

Items.	Actuals of 1899-00.	Probable collection of 1900-01.	Average collection of 2 years.	Estimate proposed.	Estimate sanctioned.	Remarks.
	Rs.	Rs.	Rs.	Rs.	Rs.	
1. Cocoanut, fresh	5,709	5,233	5,471	6,500	5,500	
2. Do dry	1,412	1,400	1,406	1,700	1,410	
3. Betel leaves	6,754	6,262	6,508	7,500	6,500	
4. Tobacco	10,860	10,626	10,743	12,000	10,750	
5. Piece goods	*5,345	17,294	16,639	12,000	11,500	
Total ...	.....	.....	.....	39,700	35,660	

*6 months collection.

4. *II. Tax on Houses, Buildings and Lands and Lighting Tax.*—The actuals of 1899-00 and probable collections of 1900-01 were only Rs. 22,604 and Rs. 24,743. It does not therefore appear safe to anticipate more than Rs. 25,000 under these heads in the current year; subject to further explanation from the President, the provision is retained.

5. *III. License Receipts.*—An estimate of Rs. 25,500 as against Rs. 26,500 sanctioned for 1900-01 is entered in the present budget, the decrease being due to the diminished consumption of arrack since the appearance of plague. The average of the past two years gives a smaller figure (Rs. 19,218), but the larger expectation is presumably based on the belief that there may be a return to the state of demand previous to the plague period. The estimate is retained as proposed.

6. *IV. Tax on Vehicles and Tolls.*—The estimate under tax on vehicles, which includes the income hitherto realized from Mohatarfa, cart tax, as well as that under tolls is not supported by the actual collections realised since the introductions of these two items into the town from 1st January 1901. They will be reduced to Rs. 25,000.

Items.	Actuals of 12 months.	Estimate.	
		Proposed.	Sanctioned.
	Rs.	Rs.	Rs.
Tax on vehicles	3,347	5,500	4,000
Tolls	20,789	25,000	21,000
Total ...	.....	30,500	25,000

7. *Water Tax.*—The new estimate under this head, which is in accordance with Proceedings No. 5708-10—L. F. 37-99, dated 26th October 1900, will be retained subject to the submission of information called for in para 4 *supra*.

8. *VII. Mohatarfa.*—The estimate under this head which does not include the revenue from cart tax, owing to its having been merged in the tax on vehicles and animals, is not also justified by the average collections of the past two years. The increase expected under oil mills being however small, it is allowed, but the large estimate under shop tax will have to be reduced to Rs. 7,000, unless special reasons exist for anticipating such a large increase which the President is requested to explain. Pending information the estimate will not be altered.

Items.	1899-00.	1900-01.	Average.	Estimate.	
				Proposed.	Sanctioned.
	Rs.	Rs.	Rs.	Rs.	Rs.
Shop tax	6,400	6,401	6,400	14,000	14,000
Loom tax	62	82	72	...	...
Oil mills	115	60	88	100	100

9. *Opening Balance.*—The estimate under opening balance has not been correctly given. As the actual balance on 1st July 1900 according to the Comptroller's account was only Rs. 24,661 and the sanctioned estimate of receipts and expenditure for 1900-01 were respectively Rs. 1,97,524 and Rs. 2,18,338, the correct opening balance should be Rs. 3,847 and not Rs. 24,669 as entered in the estimate. The former figure will be adopted in the present budget.

	Rs.
Actual balance on 1st July 1900	24,661
Add estimated receipts for 1900-01	1,97,524
Total including balance	2,22,184
Deduct estimated expenditure for 1900-01	2,18,338
Balance on 1st July 1901	3,847

10. Including the opening balance, the sum available for expenditure during the year 1901-02, comes to Rs. 2,09,811, whereas the proposed expenditure exceeds this sum by Rs. 6,966. The expenditure has therefore to be reduced.

EXPENDITURE.

11. *I. Interest on Debt and XI. Miscellaneous (a) Repayment of Loans.*—The provisions made under these heads will be retained, pending the receipt from the Comptroller of a statement showing the amounts payable by this Municipality on account of principal and interest due on loans sanctioned by Government.

12. *II. Head Office.*—The present budget provides for the monthly allowance of Rs. 50 sanctioned to the Vice-President in Proceedings No. 10892-3—L. F. 6-99, dated 20th February 1901, as also for the salaries of his three orderly peons in lieu of ten orderly peons of Municipal Commissioners, who were ordered to be withdrawn in Proceedings No. 17,345-47—L. F. 127-94, dated 26th June 1901. The authority or circumstances under which provision is newly made for three orderlies attached to the Vice-President, should be stated. Pending information the estimate is retained.

13. The increases proposed under "III Collection (*a*), (*b*) and (*d*) Octroi and other taxes and under VIII Public Works (*a*) Supervision as also under IX Charitable Grants' on account of the enhanced rates of pay sanctioned to certain peons, etc., in Government Proceedings No. 13659-60—L. F. 50-99, dated 13th April 1901, are allowed, but the necessity for the continuance of the orderly of the Octroi Manager after the abolition of the latter post is not apparent. The President is therefore requested to state why the item should not be struck out. Pending information the provision will not be disturbed. The marginally noted establishment costing Rs. 732 per annum, sanctioned temporarily for six months in Proceedings No. 575-6—L. F. 194-94, dated 14th July 1900, and continued for a further period of six months ending with 30th June 1901 in Proceedings No. 8637-8—L. F. 194-94, dated 5th January 1901, has been provided for in the present budget, as their retention for a further period of one year is stated to be indispensable in the interests of the Octroi revenue. This estimate will accordingly be passed.

Increases.	From. Rs.	To. Rs
III (a) Peons	2 at 5½	2 at 6 each
Orderly peon	1 at 5	1 at 6
Female searcher	1 at 3	1 at 6
III (b) Gollar	1 at 5	1 at 6
Collection peons	6 at 5	6 at 6
III (d) Peon	1 at 5	1 at 6
Market Sergeant	1 at 5	1 at 6
Peon for Veterinary Inspector	1 at 5	1 at 6
VIII P. W. (a) Supervision, Dharmambudi tank watchman	1 at 5	1 at 6
IX Charitable grants, writer, annachattram	1 at 5	1 at 6

1 Clerk on Rs. 20	240
1 Mutsaddi on Rs. 10	120
1 Peon on Rs. 7	84
4 Peons on Rs. 6	288
Total	732

14. *VI. Health Office.*—The present budget provides Rs. 1,800 on account of the allowance of the Health Officer at the sanctioned rate of Rs. 150 per mensem in lieu of Rs. 2,400 provided in the budget for 1900-01. This accounts for the decrease under this head, which is passed.

15. *VII. Lighting.*—The provision under this head includes the salaries of two Lighting Inspectors for six months at the usual rate of Rs. 15 each and at Rs. 20+10 for the remaining six months as specially sanctioned in Government Proceedings No. 8669-70—L. F. 186-93, dated 7th January 1901, and is allowed.

16. *VIII. Public Works (a) Supervision.*—It is proposed to reduce the salary of the watchman of the Dharmambudi tank feeder channel from Rs. 8 to 7 per mensem, that of the toti attached to the same being raised from Rs. 6 to 7, so as to involve no extra cost to the Municipality. The necessity for the continuance of these servants for the conservancy of a feeder which is dry for a greater portion of the year requires explanation. Pending information, the estimate will stand.

17 *VIII. Public Works (b) to (o).*—Owing to the insufficiency of funds referred to in para 10 *supra*, the provisions under the following sub-heads will be reduced as shown against each :—

Works.	Amount proposed. Rs.	Amount sanctioned. Rs.
1. Roads, original	... 20,729	15,000
2. Buildings, original ..	 3,000	...
3. Other works, original	 2,500	500
4. Reserve ...	 1,500	500
Total	... 27,729	16,000

18. *IX. Charitable Grants.*—The provision made on account of the waterman on Rs. 6 per mensem and increase of Rs. 3 to the Sudra warder of the Epidemic Disease Hospital sanctioned in Government Proceedings No. Pg. 543-5, dated 15th November 1900, accounts for the increase under this head, which is passed.

19. *X. Education.*—The increase provided under this head is on account of increased rates of salaries and of house rent of the Chamarajendrapete Anglo-Vernacular School sanctioned in Proceedings Nos. 8073½—L. F. 50-99 and 9824-5—L. F. 47-96, dated respectively, the 15th December 1900 and 6th January 1901. The provision is allowed.

20. *XI. Miscellaneous.*—A sum of Rs. 1,000 is provided under this head on account of repayment of deposits without corresponding entry on the side of receipts. As this is not a legitimate source of revenue or expenditure, the necessity for the insertion of this item should have been explained. Pending information, which should now be furnished, the provision will stand.

21. The budget estimates of the Bangalore City Municipality for 1901-02 as above revised, providing for an income of Rs. 2,09,811 and an expenditure of Rs. 2,05,048 are sanctioned provisionally as per details given in the accompanying appendices with the following observations:—

(1) The loan of Rs. 99,054 sanctioned in Proceedings No. 4916-18—L. F. 43-98, dated 5th October 1900, should be paid in full by the Municipality.

(2) Due provision should be made for regular payment of interest and instalment (Rs. 12,600) due to Government on account of loans due under the terms of Government Order No. 11541-50—L. F. 262-96, dated 14th April 1899 which includes the above sum, the provision of Rs. 11,600 now made for the purpose under the heads "I. Interest on Debt" and "XI. Miscellaneous (*a*) Repayment of loans," being insufficient.

Order No. and Date.	Amount. Rs.
(1) 9047-8—L. F. 43-98, dated 2nd February 1897 ...	16,000
(2) 14708-9—L. F. 43-98, dated 29th June 1899 ...	10,000
(3) 7786-7—L. F. 72-98, dated 8th January 1900 ...	10,000
(4) 4916-18—L. F. 44-98, dated 5th October 1900 ...	99,054
(5) 165-68—Pg. dated 10th September 1900 ...	5,942
Total ...	1,70,996

(3) That the proceeds of tolls, octroi and water cess as indicated in the margin should be reserved for the maintenance of water-supply, and allotted for this purpose on the side of expenditure under the head "VIII. Public Works (*a*) Supervision Water-works."

		Rs.	Rs.
1. Tolls			21,000
2. Octroi on new items under para 21 (a) of Proceedings No. 171—L. F. 194-94, dated 3rd July 1895—			
1. Timber ...	2,500		
2. Roofing tiles ...	100		
3. Piece goods ...	11,500		17,130
4. Sugar ...	2,000		
5. Bran, oats and chaff ...	30		
6. Horse gram ...	1,000		
3. Water Cess			18,000
Total ...			56,130

(4) That the Municipality should take steps to improve their revenue and suggest means to effect the same. It may be observed in this connection that the Municipal taxation per head of population in the City on the estimated revenue for 1901-02 is Rs. 2-5-0½. This is by no means too high, as the Civil and Military Station has an average taxation of Rs. 3-3-4 per head, while the Municipal taxation of Bombay is so much as Rs. 5-14-11.

(5) That if the two items of expenditure (2) and (3) referred to above are provided for and the provision under "VIII. Public Works (*b*) to (*o*)" is fixed at Rs. 39,960, as in the present budget, there will be a deficit of Rs. *52,367, and that the expenditure must therefore be reduced so as to be under the annual income.

	Rs.	Rs.

22. The President will therefore be requested to place the matter before the Municipal Board and submit their views for the improvement of the existing sources of revenue as well as for the reduction of expenditure with a revised budget for the final sanction of Government.

Letter No. 275, dated the 9th October 1901, from the President of the Municipal Commission, Mysore City, submitting the results of the election of Municipal Commissioners for the several mohallas of the City and soliciting instructions as to whether a re-election should be held for the Fort Mohalla, having regard to the fact that certain irregularities were allowed to occur during the progress of the election.

2. Letter No. 283, dated the 15th October 1901, from the same officer submitting a memo drawn up by the Vice-President of the Municipality, who conducted the elections, explaining the several irregularities referred to above and complained of by Mr. C. Krishnaiengar, a Municipal Commissioner.

3. Letter No. 317, dated the 2nd November 1901, from the same officer.

No. 8532—L. F. 40-92, DATED BANGALORE, 9TH DECEMBER 1901.

ORDER THEREON.—The President brings to notice that, during the recent election for the Fort Mohalla, certain ineligible persons were, by oversight, allowed to vote for gentlemen eligible for Commissionership and solicits instructions as to whether a re-election should be held for that mohalla. He assumes that by such irregularity, the election has been rendered altogether invalid; but cites no rule or precedent to support his opinion. Assuming that four votes, as reported, were irregularly received, the proper course, in the absence of an express rule, would be to leave such votes out of account. Even so, the result of the election would remain undisturbed as the two gentlemen, Messrs. M. Venkataramaiya and M. Narasimhaswami nevertheless, secure the largest number of votes, and would, therefore, retain their positions. In these circumstances, Government accept the elections as a whole, with the observation that no room for complaint and irregularity would have existed, if the Vice-President had bestowed a little more care and attention.

2. The result of the elections will be duly notified in the *Mysore Gazette.*

Letter No. 2633, dated 1st November 1901, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, requesting to be furnished with a copy of the Supplement to the *Mysore Gazette* referred to in Government Proceedings No. Rev. 364-404, dated 25th July 1901, as the Compiler of the *Mysore Gazette* has informed that officer that no supplement was issued with the *Mysore Gazette*, dated 18th April 1901.

No. R. 2344-84, DATED BANGALORE, 2ND DECEMBER 1901.

ORDER THEREON—The date cited in Government Proceedings No. R. 364-404, dated 25th July 1901, *viz.*, 18th April, is a mistake. It ought to have been 14th March 1901. There is also a continuation in the Supplement to the *Mysore Gazette*, dated 4th April 1901. It is requested that the necessary corrections may be made.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette.*
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

193	24th August 1901 ...	Ditto	Mysore District.

No. R. 2398-405, DATED BANGALORE, 4TH DECEMBER 1901.

ORDER THEREON.—The following is an abstract of the statements submitted with the above, giving particulars of the disposal, etc., of the applications for the grant of gomal lands :—

No.	District.	Total number of applications sanctioned by Government, awaiting disposal at the beginning of the quarter.	Sanctioned during the quarter.	Number of darkhasts in which possession of land was made over to the applicant or purchaser.	Number of applications pending further disposal by the Deputy Commissioner at the end of the quarter. 2. The number of darkhasts pending disposal at the beginning of the present quarter in the Mysore District is 16 in excess of that shown as pending at the end of the previous quarter. It is stated that this difference is due to a mistake in the statement for the Nanjangud Taluk and that explanation has been called for from the Amildar. The Deputy Commissioner is requested to report how the Amildar accounts for the discrepancy.

3. Government regret to observe that the two darkhasts relating to the year 1892-93 are still pending in the Hassan District, although the Deputy Commissioner was repeatedly requested to see to their early disposal. A detailed report stating the circumstances under which their disposal is delayed so long is requested.

4. The largest number of darkhasts is pending in the Mysore District and next to it come the Bangalore and Shimoga Districts. The Deputy Commissioners of these Districts are requested to issue suitable instructions for the early disposal of darkhasts.

2. Particular attention of the Deputy Commissioners (except the Deputy Commissioner of Chitaldrug) is drawn to the number of darkhasts pending for three years and upwards. The number of such darkhasts is considerable in the Districts of Bangalore, Shimoga, Hassan and Mysore. The attention of Amildars concerned should be drawn to the inconvenience caused to applicants and loss of revenue to Government by such inordinate delays and a time fixed within which all old darkhasts must be disposed of. Cases of unreasonable delay on the part of any Amildar may be reported specially for the further orders of Government.

3. The total number of undisposed of darkhasts in the Mysore and Hassan Districts is very large, being as many as 1,512 and 807, respectively. In a small District like Kadur, there are 316 pending darkhasts, which is also not satisfactory. It is hoped that greater attention will be paid by the Local Revenue officers to this important work. It is not desirable that more than 800 darkhasts should lie undisposed of for more than a year in the whole State. Government trust that speedy steps will be taken to dispose of these cases and that the next quarterly statements will exhibit a material improvement.

Letter No. D. 245, dated 24th August 1901, from the Deputy Commissioner, Bangalore District, soliciting instructions in the matter of levying, as a Revenue demand, the cost amounting to Rs. 94-5-2 of Survey operations carried on at the instance of the Kayamguttadars in the villages of Vijanapura and Byappanahalli, Bangalore Taluk, and stating that the settlement made by the Survey Department fell through as the Kayamguttadars did not agree to the rates fixed.

No. R. 2580-88—R. F. 18-97, DATED BANGALORE, 10TH DECEMBER 1901.

ORDER THEREON.—The Survey operations having been undertaken and completed at the request of the Kayamguttadars, they are bound to pay the charges thereof. Government accordingly direct that the sum of Rs. 94-5-2, referred to in the above, be levied as a Revenue demand from the Kayamguttadars concerned.

(1) Para 1 "Materials for Report" of the Annual Report on Agricultural Banks for the year 1899-1900.

(2) Letter No. 233, dated 13th June 1901, from the Inspector of Agricultural Banks regarding the collection and compilation of statistics for the annual report.

(3) Letter No. 255, dated 25th June 1901, from the same officer in the matter of inspection of Agricultural Banks.

No. R. 2558-66, DATED BANGALORE, 10TH DECEMBER 1901.

ORDER THEREON.—The questions at issue are :—

(1) How materials for the annual report should be collected, and

(2) On what lines and by whom periodical inspections of Agricultural Banks should be made.

As matters stand at present, there are no definite instructions laid down on both the subjects under notice, and it is necessary to formulate the procedure to be followed. Government are therefore pleased to issue the following instructions :—

(1) Every Agricultural Bank in the State shall be inspected twice during the year.

(2) The inspection will be conducted on the lines indicated in Form A, appended to these Proceedings.

(3) The first inspection will be begun soon after the close of the official year and completed before 31st August, the inspection reports being submitted to Government through the Deputy Commissioner. During this inspection statistics for the annual report will also be collected by the Inspecting Officer. The accompanying Forms I to VI are laid down for this purpose. These will be filled in after careful inquiry and forwarded direct to the Inspector of Agricultural Banks who will draw up and submit the report to Government by the end of September in the year following that to which the report relates.

(4) The second inspection will be made at the time of the jamabandi of the taluk.

(5) At the commencement of both the periods of inspection, the Deputy Commissioner will settle a programme, dividing the work between himself and his Assistants. The services of the Inspector and of some of the Amildars may also be utilized for the purpose.

The Coffee Banks at Chikmagalur and Saklespur must be inspected by the Deputy Commissioners concerned. Other important Banks will be inspected by an officer not below the rank of an Assistant Commissioner. Minor Banks to which small sums of money have been advanced by Government may be inspected by Amildars.

The inspection reports with the Deputy Commissioner's remarks thereon must reach Government within a fortnight from the date of inspection.

Other noteworthy point, if any, even though not specially referred to in the forms prescribed should also be brought to the notice of Government.

It is hoped that the local officers will do the work required of them in an intelligent and effectual manner with due regard to punctuality.

FORM A.

Report on inspection of the Agricultural Bank at.....
in.....Taluk.

1. Date of present inspection.

2. Whether there is a duly registered suitable Bank office where members and depositors could call and have their business attended to; and if there had been any change in the office since last inspection, why necessitated and whether duly registered.

3. Whether any dates and hours are fixed for transaction of business; whether business is regularly transacted on those dates and hours; if no appointment is thus made, what arrangements exist for the due transaction of business when members and depositors call, and on how many days in a month is business done.

4. Whether the Bank's registers, accounts, title-deeds, documents, cash balance and other property are kept in the Bank premises in the custody of the President and the Agent; and if any of them are not so kept, where and how they are kept, under what authority and upon whose responsibility.

5. Whether the villages to which the members belong are sufficiently near (within a radius of five miles) to the Bank-house, and duly registered; at what distance do the majority of members, the directors and the office bearers reside; and if business was extended to any new village, whether there was proper sanction for it.

6. As regards members, whether and to what extent there has been any increase or decrease in their number since formation of the Bank or last inspection; what was the decrease, if any, due to; were the new members duly qualified, duly elected and registered; in case of members belonging to a joint Hindu family or otherwise possessing a qualified or limited status, whether there is proper representation of interests involved; whether in the practical working the Bank has gained or lost in strength, energy and usefulness since formation or last inspection.

7. As regards credit, solvency and resources of members, whether a complete and accurate list of the lands of members is maintained; if not, how is the omission explained; to what extent have fluctuations in the number of members affected the united credit of the Bank; any notable instances of new acquisition or improvement since formation of the Bank or last inspection; any notable instances of sale or other kind of transfer, relinquishment or deterioration; how these have affected the solvency and resources of the members concerned and of the Association as a whole; what guarantee, if any, has the Bank obtained or the rules of the General Assembly afford against alienations and relinquishments prejudicial to the Bank's interests; compare the *net* amount of the value of property as per latest authenticated list with the amount of liabilities of the Bank at date of inspection.

8. As regards Bank's funds, note whether the limit fixed at formation had been increased or decreased under due authority; whether the Bank had in its dealings unauthorizedly exceeded the limits, and if so, how is this explained or proposed to be rectified. Classify the Bank's funds at date of inspection with reference to the sources from which they were derived, *viz*—entrance fee, contributions, loans from Government if any, loans from others, deposits from members: (1) in cash and (2) in grain; deposits from outsiders, debentures, etc.; note whether the Bank's credit is well established and sustained or steadily growing: if otherwise, to what extent such result is due, to any action or omission of the Bank's authorities and what other causes are likely to have contributed to it; whether the lessons of co-operation, mutual help and thrift are understood and practised, if not, inculcate them to as large a body of members and outsiders as can be gathered.

9. As regards Government loan, note whether the terms fixed for repayment are duly acted up to or there has been gross delay, dilatoriness or neglect; the amount outstanding against the Bank at date of inspection; whether the loan may be continued subject to the terms allowed for repayment, or whether in your opinion

it is advisable to withdraw the loan under the provisions of Sections 74 and 75 of the Articles of Association; and state reasons for such opinion briefly and concisely.

10. As regards loans and deposits from others, note the terms allowed, generally, in regard to rate of interest and time for repayment; whether the sanction of the General Assembly had been obtained to the rates of interest and other essential terms; whether the obligations incurred were in any way in excess of the Bank's requirements or of what local conditions of credit, prudential considerations and the progress and well-being of the Bank justified; whether the Bank authorities are alive to the importance of placing themselves in position to discharge the obligations incurred punctually, completely and satisfactorily.

11. As regards the Bank's transactions, compare the Cash Book with the Ledgers, Receipts, Chalans, Cheques, Treasury Pass Book, Contingent and Establishment Registers, Documents, etc. Is it posted up from actual transactions as they occur and in order of their occurrence, and are entries made so clear as to be easily intelligible and traceable through the other accounts? If discrepancies and omissions due to mere oversight or ignorance are found, have them rectified in a business-like manner as far as practicable, and note here such as are considered to be grave. In the case of corrections, see if they are initialled by the President and Agent, and if any of the corrections are not satisfactory, note briefly your objections.

See if disbursements were duly authorised and are supported by proper vouchers.

Were the charges incurred under "Establishment and Contingencies" real or fictitious, either wholly or in part, and if real, necessary? Is the rule about members rendering gratuitous service duly respected?

Note date of the last entry in the Cash Book, and the cash balance on that date according to the Cash Book and as forthcoming in the Bank's chest. Are instances frequent of the transgression of the limit fixed in the Articles of Association for cash balance in the hands of the Board of Directors, and how are they explained? Are large sums kept in hand for any length of time without being utilised? Is the facility afforded for keeping current account with the Treasury utilised as far as possible for minimising cash balances, if not, how is the omission explained? Has there been any complaint or ground for the belief or suspicion that needlessly large balances are retained by the Agent or President.

Note the general results of the Bank's cash transactions up to date of inspection in the marginal form, and see if the cash balance sheet last submitted by the Bank is correct in all particulars.

12. As regards loans to members, note if, in addition to the restrictions and limitations prescribed in Section 42 of the Articles of Association, the General Assembly has prescribed any limit with reference to the value of the landed property held by applicants for loan or offered as security by them; whether loans had been granted to any in contravention of these rules, members of a joint Hindu family being taken as representing one account; how such transgressions are explained or proposed to be rectified; had any loans been granted to other than members in need or had any deserving applicants been denied to favor particular individuals and had such instances produced feelings of distrust and discontent and impaired the cordiality and unanimity expected to exist among the body of members; are objects for which loans are applied for explained with sufficient clearness in the darkhasts; is the application and use made of loans watched by the Board of Directors or other authority and have there been any instances of non-application or misuse, especially

of sums obtained having been used by any member for purposes of trading or private banking or money lending?

Note particulars in the marginal form.

14. As regards punctuality, completeness or otherwise in the payment of dues by members, note whether the rule requiring strict punctuality is borne in mind and enforced in all practical cases, or whether there is any unhealthy tendency to evade it, how many are defaulters (1) among office bearers and (2) among members; the amount of instalments over-due and remaining unrecovered at date of inspection; the amount of 2nd and 4th class loans likewise over-due, remaining unrecovered; causes of unduly large arrears and large number of defaulters; whether proper notice had been taken of defaults and adequate steps taken for recovery of arrears; whether renewals were granted with prudence and discrimination; whether the interest and penalty due to the Bank had been fully recovered; and whether the interest due to Government and to other creditors duly paid; arrears if any, how explained and when expected to be paid?

15. As regards surplus, note what this amounts to up to date of inspection, taking into account the arrears remaining unrecovered, of interest and other items of income; how much of this has been realised; what amount has been carried to the Reserve Fund by resolution of the General Assembly; how the reserve fund is invested; how the remaining surplus is used or secured; whether any and what special charges tended to reduce the surplus.

If the Bank has other assets, what they are and their value.

16. As regards meetings of General Assembly, note whether the rules for convening these, the conduct of business therein and the recording and registering of resolutions are understood and duly given effect to; if not, explain the same to the office bearers and others present; note whether meetings had been held regularly every half-year; whether any and what number of extraordinary meetings had been held since last inspection; whether notices had been duly given to members; whether members were generally taking interest in the Bank's affairs or whether there was

party feeling; whether special resolutions had been duly confirmed and registered; whether any resolutions were inconsistent with the Articles of Association or other provisions of law.

17. As regards Board of Directors, note whether and how often they meet for transaction of business; whether their resolutions are duly recorded in a book; if they do not meet, what arrangements exist for the discharge of their duties and functions, and what record exists of their proceedings; whether any and which of them have been taking special interest in, and working with zeal for the progress of the institution.

18. As regards supervision, whether any and what arrangements the General Assembly had made for control and audit; are they effective and satisfactory.

19. As regards Registers and Accounts, see appended list, note therein which of them is kept and how.

No. R. 2548-56, DATED BANGALORE, 10TH DECEMBER 1901.

ORDER.—Section 194 of the Mysore Land Revenue Code, which corresponds to Sections 4 and 5 of the Agriculturists Loans Act, XII of 1884, provides for the grant of loans to the holders of arable lands for purposes connected with agricultural objects, but not specified in the Land Improvement Loans Regulation, 1890. With a view to give effect to this provision, Government have framed the rules appended hereto. The following subsidiary instructions are issued for the guidance of Deputy Commissioners and their Assistants.

2. Government will inform Deputy Commissioners what amount will be placed at their disposal for loans under Section 194 of the Mysore Land Revenue Code, for each revenue year. Deputy Commissioners will, at their discretion, distribute the amounts among the several taluks of their districts and will have the power of transferring sums assigned by them from one taluk to another. The expenditure in the whole district must be kept within the amount allotted. If an additional grant be required, it should be at once applied for, and where any portion of the allotment made for any district is not likely to be spent within the year, the amount that can be spared should be reported to Government in sufficient time to admit of its being made available for expenditure in other districts.

3. A small stock of forms of application in Kannada may be supplied to the shanbhog of each village so as to be always readily available for issue to raiyats wishing to apply for loans.

4. Where the officer dealing with an application for a loan exceeding Rs. 500 is not the Deputy Commissioner of the District, the records of the case should be forwarded to the Deputy Commissioner, who will submit them to Government with his own recommendation.

5. When the collateral security offered consists of immovable property, an encumbrance certificate should always be obtained from the Sub-Registrar concerned, the search fees payable being borne by Government.

6. In cases where an additional loan is required for completing the same work, the second application should be treated as part of one continuous transaction and disposed of by the officer competent to sanction the loan with reference to the aggregate amount.

7. All orders issued granting loans shall be kept in bound volumes in the Taluk Cutcherry; they shall bear a serial number, a separate series being maintained by each officer authorised to grant loans and shall be in the Form No. 7 appended to the rules.

8. As a rule, all loans must be granted in two instalments, and before the second instalment is paid, the granting officer must satisfy himself that work to the value of the first instalment has been executed. It shall be the duty of officers issuing orders granting loans to arrange for the inspection of every work in progress by a competent and trustworthy subordinate. Under Rule XIX all works must be inspected and reported on as soon as possible after the date fixed for their completion, in the order granting the loan, and a full report made to the officer who granted the loan, showing whether the work has been executed in substantial conformity with the proposals made and for what time the work is likely to endure. An annual report should be submitted to the Deputy Commissioner of the District by each officer empowered to grant loans, showing all cases in which the periods originally allowed in the order may, after completion of the work, be shortened.

9. Assistant Commissioners including Sub-Division Officers must make it a rule, when visiting their several taluks, to examine the records of all loan cases in the taluk offices and to report the result to the Deputy Commissioner.

NOTIFICATION.

No. R. 2557, dated 10th December 1901.

In exercise of the power conferred by Section 194 of the Mysore Land Revenue Code, Regulation IV of 1888, the Government of Mysore are pleased to make the following rules as to advances to be made for purposes connected with agricultural objects other than those specified in the Land Improvement Loans Regulation, 1890 :—

Objects for which loans may be granted.

I. Loans of the amounts specified hereunder may be granted to holders of land for the following objects :—

Object	Maximum amount which may be granted
(i) For the purchase of seed-grain or ploughing cattle or the rebuilding of houses (including sheds) destroyed by fire or flood	Rs. 500
(ii) For other agricultural objects, such as purchase of fodder for domestic and agricultural cattle ; erection of sugar-cane mills, indigo vats and such like appliances for dealing with raw agricultural produce; erection of double mhotes or other contrivances for raising water; and the building of houses (including sheds) by cultivators in tracts newly made available for occupation and cultivation ...	Rs. 1,000
(iii) For the relief of distress, when the existence of such distress has been recognized by Government, to enable holders of land and their dependants to subsist until the ripening of the next harvest ...	Rs. 200

Officers by whom loans may be granted, and the maximum amounts admissible.

II. Assistant Commissioners in charge of taluks, (including Sub-Division Officers), and Deputy Commissioners shall be competent to sanction loans not exceeding the sums specified below :—

	Rs.
Assistant Commissioners in charge of taluks (including Sub-Division Officers)	100
Deputy Commissioners	500

Loans of sums exceeding Rs. 500 shall be sanctioned by the Government.

Explanation.—An officer is not precluded by this rule from granting several loans to the same individual, although the aggregate amount thereof may exceed the maximum prescribed. Such loans shall, however, be for distinct purposes and be covered by separate and independent security.

Rate of interest.

III. The rate of interest charged shall be 5 per cent per annum, except on loans granted for the relief of distress, which shall be charged interest at 3 per cent., the Deputy Commissioner having the discretion to remit the charge in case of borrowers who are known to be poor.

The Government may, if they see fit, grant loans in special cases at reduced interest or without interest.

IV. Interest shall accrue from the date of disbursement of the loan. If the loan is disbursed in instalments, interest on each instalment shall run from the date of the disbursement of such instalment

Period allowed for repayment and method of recovery.

V. Loans shall be repayable by equal instalments discharging both principal and interest.

The time allowed for repayment of the loans and the amount of instalments shall be fixed by the Deputy Commissioner (or other officer granting the loan) with reference to the convenience of the borrower and the circumstances of the case, regard being had to the probable durability of the works, contrivances, &c., proposed to be

constructed, and the value or sufficiency of the security tendered, but so as not to exceed the maximum limits specified below :—

(i)	if for the purchase of seed	... ...	1 year.
(ii)	if for the relief of distress	... ...	3 years.
(iii)	if for any other purpose	... ...	10 years.

The time for repayment specified above shall count from the date of the payment of the loan, or, where the loan is paid by instalments, from the date of payment of the last instalment.

The time allowed for repayment is liable to revision under Rule XIX.

Provided that nothing in this rule shall be taken to preclude a borrower from discharging the loan at an earlier period by payment of a larger amount than the annual instalment. The excess so paid shall be credited at once in reduction of principal, and the number of future instalments shall, if necessary, be decreased, but no alteration in the amount of subsequent instalments shall be allowed, nor shall postponement of payment of subsequent instalments be permitted.

VI. The date for payment of each annual instalment shall be fixed so as to coincide with the date of one of the land revenue khists of the taluk ; but the first repayment of principal and interest shall not be demanded within less than 12 months and shall not be put off for more than 24 months from the date of disbursement of the first instalment of the loan. When commencement of repayment is thus postponed for more than 12 months, simple interest shall be realized in the interim as the khist date selected comes round. The first payment of interest will be for the broken period between the date of disbursement of the loan (or of each instalment thereof) and such khist date.

If in any special case the sanctioning authority considers that the work for which the loan is given is such that a longer time than 24 months must elapse before it begins to yield a return, a longer interval, not exceeding five years, may be allowed. In the case of loans granted by Assistant Commissioners (including Sub-Division Officers), the sanction of their Deputy Commissioners shall be obtained for such extension. In every case, however, the amount of the annual instalment shall be fixed so as to repay the whole loan with interest within the maximum period from the date of disbursement of the last instalment of the loan shown in Rule V.

VII. Repayment may be made either at the Treasury of the taluk or to the village officers of the village in which the loan is to be utilised. The Deputy Commissioner may, if he sees fit, authorise repayment at any other Government Treasury.

VIII. Interest at $6\frac{1}{4}$ per cent. will be charged on all instalments of interest or of principal and interest overdue.

In calculating interest under this rule, a broken period of a month shall be taken as half a month or one month according as it is less or not less than 15 days and a fraction of a rupee as half a rupee or one rupee according as it is less or not less than 8 annas.

IX. The repayment of the annual instalment may be suspended by the Deputy Commissioner on proof of failure of the crops of the borrower or other exceptional calamity. The Deputy Commissioner shall report all such cases to Government, who will pass such orders thereon as they may deem proper.

Suspension of repayment.

The suspended instalment shall be collected in the year following the termination of the period of suspension, with the instalment, if any, payable for that year, and in no case shall the maximum period fixed for the repayment of instalments be exceeded. Simple interest at 5 per cent. per annum shall be charged on all suspended instalments of principal and interest up to the date of collection.

X. No loan shall be granted unless the value of the security offered exceeds by at least one-half the amount of the loan applied for.

Security.

The security to be required shall consist of the applicant's saleable interest in lands held by him.

Provided that if the value of such interest does not exceed by one-half the amount of the loan applied for, collateral security shall be required and such collateral security

shall consist of immovable property, unless the loan is repayable within two years or has been granted for the relief of distress, in which case personal security may be accepted.

Loans repayable within two years and not exceeding Rs. 100 in amount may also be granted on the personal security of the applicant or the joint personal security of the applicant and one or more other persons, provided that the annual assessment of the land belonging to the applicant or of the land belonging to him and to his co-sureties is not less than one-fifth of the amount of the loan applied for.

XI. If at any time the Deputy Commissioner, or other officer granting the loan, is satisfied that any person who has received a loan has failed to perform any of the conditions on which it was made, he may, after recording in writing the grounds for his decision, proceed to recover forthwith from such person or from any surety of such person the entire unpaid balance of the loan, together with any interest payable thereon and costs, as arrears of land revenue.

Provided that such officer may at his discretion so recover any sum less than the whole balance of the loan without prejudice to his right to recover the remainder of such balance at any subsequent time.

Mode of application.

XII. An application for a loan may be made, orally or in writing, to any Revenue officer of a grade not lower than that of Deputy Amildar. If written, it shall be in Form No. 1 hereto annexed (printed copies of which can be obtained at all Taluk Cutcherries and from Shanbhogs free of cost), or in some similar form, and may be presented in person or sent by post. If an oral application is made, the officer to whom it is preferred shall cause it to be recorded in the prescribed form and signed by the applicant.

Local enquiry to be made in all cases.

XIII. No loan shall be granted without a local enquiry. On receipt of an application, or on an application being referred to him, a Deputy Amildar or Amildar or higher officer shall notify and publish in the village by tom-tom that he intends to hold the enquiry, and shall as soon as possible thereafter make summary enquiry in the village as to the correctness of the entries in the application, submitting a report or recording the results of his enquiry in Form No. 5 hereto annexed or in some similar form. When the amount applied for exceeds Rs. 200, the local enquiry shall be conducted by an officer of not lower rank than that of Assistant Commissioner.

XIV. The personal attendance of the applicant is not necessary, but he may be required, by notice in Form No. 3 hereto annexed or in some similar form, at any time to appear, in person or by duly authorized agent at his option, and in case of default the application may be rejected.

XV. Attention shall be particularly directed to ascertaining the *bona fides* and the solvency of the applicant and the sufficiency of the security offered. Careful enquiry shall be made regarding the rights of the applicant in the lands offered as security, in view to ensuring that the applicant is the real owner, and that the land is free from encumbrances or is not burdened with arrears of land revenue or is not already hypothecated to Government for a loan previously obtained. Similar enquiry shall be made in the case of lands offered by sureties as collateral security, care being taken to see that the surety is not only the registered holder, but the real owner of the land, and that, if he has a divided interest in the land, it is not charged beyond the extent of his own individual interest therein except with the written consent of the joint-owners. A reference shall invariably be made to the Registration Department, in Form No. 6 hereto annexed or in some similar form, for an encumbrance certificate in respect of all immovable property offered by the applicant or his sureties whether as primary or as collateral security.

Issue of loan order.

XVI. If, after local enquiry and such further investigation as may be deemed necessary, the Deputy Commissioner, or other officer granting the loan, is satisfied that the loan may be granted, he shall record a decision to the effect that the loan asked for, or a less sum, may be given and shall then at once issue an order granting the loan. In the case of loans exceeding Rs. 500 the loan order will be issued by the Deputy Commissioner after obtaining the sanction of the Government, under Rule II.

XVII. An order granting a loan shall be in Form No. 7 hereto annexed, and shall be signed by the applicant in token that he understands and agrees to the conditions contained therein. The security bond to be taken when collateral security is offered shall be in one or other of Forms Nos. 8 and 9 hereto annexed, or in some similar form.

An order rejecting an application for a loan shall be intimated to the applicant by a notice in Form No. 4 hereto annexed or in some similar form.

Disbursement of loans.

XVIII. Loans shall ordinarily be advanced in two instalments. Loans for the relief of distress shall be disbursed monthly or once every two months.

Inspection of works.

XIX. The Deputy Commissioner of the district may make provision for the proper inspection of works in course of construction for which loans have been made, and for ascertaining and securing that such loans are duly applied to the purpose for which they are made.

All works for which loans are made by instalments shall be inspected and reported upon before each instalment subsequent to the first is paid.

All works shall be inspected and reported on as soon as possible after the date fixed for their completion in the order granting the loan.

If it should then be found that the work has not been carried out in substantial conformity with the proposals made, the officer granting the loan may either require immediate repayment of the whole amount advanced with interest at 5 per cent. and costs, if any, or alter the instalment, fixed under Rule V, so as to ensure repayment of the loan within the period for which the work is likely to last. In such case the original loan order shall be cancelled and a fresh loan order issued.

XX. Every Amildar shall keep a register of loans and repayments relating to his taluk in Form No. 2 hereto annexed and such other accounts and statements as may, from time to time, be prescribed by Government.

Secretary to Govt., Genl. & Rev. Depts

4. Loans under Section 194 of the Land Revenue Code are subject to a maximum of Rs. 200 for loans granted for the relief of distress; of Rs. 500 for loans for the purchase of seed-grain or ploughing cattle and for rebuilding houses destroyed by fire or flood; and of Rs. 1,000 for loans for other agricultural objects. There is, however, no minimum limit.

5. Application for a loan may be presented or sent by post or otherwise to any Revenue officer of a grade not lower than Deputy Amildar. It may also be made orally. The application will be free of stamp duty.

6. The rate of interest charged shall be 5 per cent. per annum, except on loans granted for the relief of distress, which shall be charged interest at 3 per cent., the Deputy Commissioner being granted discretion to remit the charge in the case of borrowers who are known to be poor.

7. The loan may be discharged by annual instalments regulated so as to repay both principal and interest within the time allowed.

8. Time allowed for repayment will be liable to be shortened if the work on completion be found not sufficiently durable.

9. If the grantee of the loan misappropriates the whole or any portion of the loan or otherwise fails in any of the conditions of the grant, the whole unpaid balance of the loan with interest and costs will be liable to summary recovery.

2. The conditions referred to are as follows :—

(*a*) That the amount of this loan shall be paid to the aforesaid (*name of the borrower*) in instalments on the execution of the necessary security bonds, the first on the production of this order at (*here enter place at which this order is to be presented for payment*), and the second on proof that the first instalment has been properly utilised.

(*b*) (i). That if the first instalment has not been utilised within the period of (*here enter period allowed for the first instalment*); or

(ii). If it shall be proved to the satisfaction of the Deputy Commissioner that any portion of the loan has been misapplied to any other purpose than that above specified or that the whole amount of the loan has not been fully applied to the purpose for which it was granted within the period of (*here enter period allowed for utilization of full amount of the loan*);

the whole unpaid balance of the loan or such portion of it as the Deputy Commissioner may determine with interest at 6¼ per cent and costs, if any, shall be deemed to at once become due.

(iii). If, however, the work should fail altogether owing to causes over which the borrower has no control, the case shall be reported for the orders of Government as to whether repayment in whole or in part shall be required.

(c) (i). That the loan **with interest thereon at † per cent shall be repaid by equal annual instalments of Rs. each, falling due with khist of the revenue year, commencing with 190 —190 and ending with (Simple interest on the amount advanced must be paid on such khist date in and .)‡ . It shall be open to the Deputy Commissioner or the officer granting the loan to reduce the number of instalments and to increase the amount of the annual payment so as to recover the loan within a shorter period than herein allowed if he finds the work after completion not sufficiently durable to last for the period originally mentioned in the loan order.

(ii). Such annual payment shall be made to the village officers or to the Amildar.

(iii). If default in the payment of annual instalment on account of the loan occurs and recovery cannot otherwise be made, the entire unpaid balance of the loan or such portion of it as the Deputy Commissioner may determine shall be deemed to at once become due and the whole of the land specified under condition (*d*) or such portion of it as the Deputy Commissioner may deem necessary, shall be sold for the recovery of the amount, with interest thereon and expenses of sale, if any.

(*d*) § That for the repayment of the loan with interest and costs, if any, due on the same, the immoveable property specified below is hypothecated as collateral security to Government.

2. Particular attention of the Deputy Commissioners of Mysore, Hassan, Bangalore and Shimoga is drawn to the number of Darkhasts pending for three years and upwards, which is considerable. Government observe that such delays must cause inconvenience to the applicants and loss of revenue to Government. Cases of unreasonable delay on the part of any Amildar may be reported specially for the further orders of Government.

3. The total number of undisposed of Darkhasts in the Mysore, Hassan, Kadur and Shimoga Districts, is very large. It is hoped that greater attention will be paid by the local Revenue Officers to this important work.

REVENUE.

Notification No. 9515—*Ex. F.* 1-1901, *dated* 17*th December* 1901.

Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the manufacture of Arrack and other Country Spirits for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from **1st July 1902 to 30th June 1907**.

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Honorable the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in para. 8 of this Notification, and to the Excise Laws passed by the Government of Mysore, and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated at between 31,000 and 35,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1900-01 having been 363,723 gallons. No quantity is however guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 20° under-proof separately for jaggory arrack and for molasses arrack at which they offer to supply during the whole period of the contract. The price thus tendered for and accepted by Government shall be the price at which Arrack of 20° under-proof will be sold by the manufacturer to separate shop-keepers and to renters of vend farms, during the currency of the contract granted under this Notification. For double distilled or rectified spirits and other special liquors of greater or lesser strength than 20° under-proof, which may be specially manufactured and issued with the approval of the Government, the manufacturer as well as the persons entitled to vend the same will be allowed to fix their own prices; but for single-distilled spirits of greater or lesser strength than 20° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 20° under-proof in accordance with Casella's Rules.

6. Each tender must be accompanied by a deposit of **Rs. 5,000** in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Arrack," and must be sent to the **Excise Commissioner at Bangalore** so as to reach him before noon on Monday the **10th February 1902**, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in **Bangalore** at 12 o'clock noon on the **10th February 1902**, in the presence of the applicants who may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant, whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur

Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," to make up with the deposit previously made, the sum of **Twenty-five Thousand Rupees,** and shall execute an agreement, in the prescribed form on proper stamp, offering as additional security all his apparatus and stock and block in the Distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement, or to make the deposit required, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

I. The contractor will be required to manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore and the arrangements existing in connection with the water-supply, the contractor shall pay rent to Government at Rs. 500 *per mensem*. Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government: and such repairs, to the Distillery buildings and channels as may be pointed out by the Executive Engineer, shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed 50 rupees.

II. The contractor will be required to keep in store at the Central Distillery, ordinarily a supply sufficient for a month's consumption, (31,000 gallons at the present rate of consumption) and *never less* than 18,000 gallons of admissible spirits in terms of 20° under-proof.

III. The contractor will be allowed to purchase Arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil Arrack and other country spirits. Should the contractor himself establish a Sugar Factory and distil Arrack and other country spirits therein, with the permission of the Government, he will be bound to keep in stock at such factory such quantities of Arrack and other country spirits, as may be fixed by Government.

IV. The spirits manufactured shall be of good quality, distilled water only being invariably used at the Distillery under the supervision of the Senior Officer in charge of the Distillery for reducing strong spirits to the authorized strength. The articles used in distilling shall be approved by the said officer. No ingredients obnoxious to health shall be used in distilling or put into the arrack or other country spirit or special liquor after it has been manufactured. The spirits manufactured shall not be adulterated or diluted.

V. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, after giving the contractor the first refusal of so doing.

VI. (1) The contractor shall, upon receipt by him of price at the rate fixed by his contract, sell the arrack at the Government Distillery or other place where he may be allowed to manufacture the same. Such sales shall only be—

1st. For the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

2nd. To separate shop-keepers licensed to sell in the Cities of Bangalore and Mysore and Kolar Gold Fields and in other places to which the Separate Shop System has been or may be extended;

3rd. To renters of Vend Farms to whom the Government may sell the right to vend Arrack in defined tracts;

4th. For the supply of the Government Excise Depôt in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station, through the Senior Officer in charge of the Distillery. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

(2) The contractor shall have no interest in the retail vend of Arrack.

(3) The contractor shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* Foreign Malt Liquors. He shall also sell the same to Bonded Depôts and to Hospitals and other public institutions, on the Excise Commissioner's requisition.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depôt in the Civil and Military Station for which no Treasury receipt will be required.

VII. The contractor shall be bound to conform to the provisions of the Excise Laws for the time being in force in the Territories of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

VIII. The out-going contractor shall give and the in-coming contractor shall take over, any Arrack or other Country Spirits and Special Liquors not exceeding a month's supply, which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

IX. Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation by him must cease. The in-coming contractor shall issue arrack and other country spirits and other special liquors from the Distillery to Bonded Depôts if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depôts for issue from the 1st July of the first year of his contract.

X. The out-going contractor shall sell, and the in-coming contractor shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable price to be fixed by the Excise Commissioner calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. Timely notice of the price thus fixed will be given to the out-going contractor, and to intending tenderers by a notification duly published in that behalf.

XI. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

XII. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor and all his apparatus and stock and block, forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

9. The following items of information are appended:—

NOTE 2.—The still-head duty payable to Government for Arrack of 20° under-proof by Separate Shop-keepers and Vend Farmers is Rs. 4-12-0 per gallon, and the retail price thereof payable to the latter by the consuming public is Rs. 6-6-0 per gallon or two annas per dram which is equal to $\frac{1}{64}$st part of a gallon, except in such tracts or places where this rate of two annas per dram has been, or may hereafter be, fixed as the minimum rate. The rates of still-head duty and retail price of single distilled spirits of greater or less strength than 20° under-proof, will be calculated proportionately upon the rates for 20° under-proof, in accordance with Casella's Rules. Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the manufacturing contractor shall not be entitled to claim any compensation for loss on account of such alteration. When any liquor other than ordinary arrack manufactured in pursuance of this privilege or any liquor falling within the definition of foreign liquor is supplied by the contractor for sale within the Civil and Military Station, the duty chargeable thereon shall be assessed at the rates leviable for similar liquor of similar strength under the Tariff Act, VIII of 1894.

NOTE 3.—For double-distilled or rectified spirits of all strengths, the rates of still-head duty will be calculated proportionately upon the rate for 20° under-proof, in accordance with Casella's Rules. But for these spirits as well as for other special liquors manufactured at the Government Central Distillery, Bangalore, or other place approved by Government, both the manufacturer and the licensed vendor will be at liberty to fix their own prices.

NOTE 4.—The present contractors are reported to have, up to the end of August 1901, incurred an expenditure of Rs. 87,631 on account of plant put up.

APPENDIX.

Petition No. 2544, dated 22nd May 1901, from Ashwathanarnaiya, shanbhog of Ganganahalli, Kadur Taluk, appealing against the order of the Deputy Commissioner cancelling the sale of Survey No. 51 of Belagur village, Kadur Taluk.

2. *Letter No. 58, dated 23rd July 1901, from the Deputy Commissioner, Kadur District, submitting the records connected with the case and reporting on the above.*

Adverting to your official memorandum No. Pet.—1867 of the 10th June 1901, and reminder No. Pet.—91 of the 13th July 1901, *in re* the petition of Ashwathanarnaiya, shanbhog of Ganganahalli, Kadur Taluk, appealing against the order of this office, cancelling the sale of land Survey No. 51 of the Belagur village in the Kadur Taluk, I have the honor to report as follows:—

(2) On 27th December 1897, the appellant put in a darkhast to the Kadur Taluk Cutcherry for:—

Survey No.	Area.	Assessment. Rs. a. p.
40	.. 6-38	3 8 0
42	.. 27-39	16 0 0
51	. 29-25	20 0 0

of the Belagur village; and on 19th December 1898, one Sadasivaiya also darkhasted for the said lands. After necessary enquiries, it was ascertained through the shekdar of the Yagati hobli that the lands contained the following fit and unfit date trees and plants:—

Survey No.	Number of plants, etc.
40	68
42	299
51	208

(2) The Taluk Amildar, Mr. Sabhapati Pille, and the Excise Sub-Inspector, Gopal Raju, inspected the lands and wrote on the back of the first darkhast dated 21st December 1898, that the lands did not contain a large number of date trees and that as they were not found fit to be reserved for a *vanam*, they might be given out for cultivation.

(3) On 20th March 1899, the Amildar reported the above facts to the Assistant Commissioner in charge of the Taluk, stating that the above lands had not been included in the list of lands containing date trees prepared in 1895-96.

(4) On 29th March 1899, Mr. K. R. Srinivasiengar, the then Assistant Commissioner, ordered the disposal for cultivation of Survey No. 51 which was reported to have contained only 8 trees fit to be tapped and the reservation of other two Survey Nos. 40 and 42 as they contained a large number of date trees.

(5) The sale of Survey No. 51, which had to be put off thrice owing to some reason or other, was at last conducted on 18th December 1899, by shekdar Manjanathaiya of the Yagati hobli, and the appellant—the first darkhastdar—became the highest bidder for Rs. 15 and paid the full amount of purchase in time. The shekdar, in submitting the sale records, reported that the 2nd darkhastdar, Sadasivaiya, though he was duly informed of the date of sale, evaded to sign the sale notice; and that both darkhastdars were found to be not on good terms. On 29th January 1900, the 2nd darkhastdar stated before the shekdar that he was informed of the sale of the land and that, on account of his illness, he was not able to attend on the date fixed, and that a re-sale might therefore be ordered.

(6) The Amildar on 26th March 1900, confirmed the sale and sent a saguvali chit to be delivered to the purchaser—the appellant—who received the same on 15th June 1900, but he again represented that, as it had been granted him late in the season, he would pay the kandayam due on the land from the next year. The shekdar on being called upon to explain as to why he took nearly three months to deliver the chit, reported that he received the same on 20th April 1900, and that owing to the absence of the appellant, it could not be delivered to him earlier. Under orders of the Amildar, the shekdar took back from the purchaser the above chit on 8th September 1900, and sent it to the Taluk office. The Amildar on 18th October 1900 returned the chit to the shekdar, observing that the delay in delivering the chit was due to the purchaser's carelessness and that the year from which kandayam should be paid by him as noted therein should remain unchanged.

(7) On 17th October 1900, a petition from Sadasivaiya, the 2nd darkhastdar, was received in this office, wherein it was represented that he had darkhasted for the land, that he was not aware of its sale and that, if a re-sale be ordered, he would bid up to Rs. 200. This petition was forwarded to the Amildar for report.

(8) On 6th December 1900, the Amildar reported to the Assistant Commissioner in charge of the Taluk the facts of the case and stated that the saguvali chit had not been given back to the purchaser. Petitions also were received from Krishnappa and others stating that the land being a valuable one, containing date trees, was worth more than Rs. 200.

(9) The Assistant Commissioner in charge of the Northern Division observing that the sale had not been held in accordance with para 22 of Rule XX of the Land Revenue Rules, ordered on 8th January 1901, a re-sale of the land after due publication of a notice. The re-sale was held by the Yagati hobli shekdar on 19th February 1901, and one Venkannaiya became the highest bidder for Rs. 70. The records show that the appellant refused to sign the sale notice. His several petitions addressed to this office against the re-sale, were sent to the Assistant Commissioner for report.

(10) The Amildar, in submitting the entire records, reported that the appellant was found to have cultivated the land and that it may be reserved on account of date trees standing thereon. He further stated that Mr. Davy, the Excise Deputy Commissioner, had then ordered a list of lands containing date trees to be prepared.

(11) The Divisional Assistant Commissioner, Mr. Ramaswamiengar, on going through the records observed that in the first instance the land was ordered to be given out for cultivation as the Amildar had expressed his opinion that it did not contain a large number of date trees, that the appellant's entry upon the land was before the delivery of the saguvali chit and that, as the subsequent enquiry showed, the land, on account of its numerous date trees, might be reserved.

(12) Upon perusing the records in the case, I passed the following order on 3rd May 1901:—

"As the sale of the land has been cancelled by the Assistant Commissioner, Ashwathanarnaiya has no title to the land and it will be therefore resumed to Government and the amount of purchase money deposited refunded to Ashwathanarnaiya, minus the assessment for one year due on the land, as he is stated to have cultivated it for one year. The land will be reserved pending the decision of the Excise Deputy Commissioner at present inspecting the lands."

(13) It is this order that has now been appealed against.

(14) The enclosures received with your official memo under reference are herewith returned and the vernacular correspondence also accompany this for favor of reference and return.

No. Pet.—1130, dated Bangalore, 10th December 1901.

Order thereon.—Government are unable to support the order passed by the Deputy Commissioner in this case.

2. There were delays in the disposal of the darkhast put in by the appellant on the 27th December 1897, which ought to have been avoided. The Amildar took a year to inspect the lands and record an order that they might be given out for cultivation and it took another year to determine upon reservation of the two numbers out of the three applied for and sell the remaining one. The sale, again, which took place on 18th December 1899, was not confirmed till 26th March 1900, and saguvali chit was issued only on 16th June.

3. The shekdar took about two months to deliver the saguvali chit and thereby gave room to the petitioner to contend that he was not liable to pay assessment for the year 1899-1900. The shekdar explained that the delay was due to the appellant's absence from the village, but at the same time requested to be allowed to take back the chit and send it for correction and make it applicable to the next year (1900-1901). The Amildar apparently accepted this view and got the chit back, but subsequently returned it to the shekdar, holding that the non-delivery was due to the appellant's own fault. How this was made out has not been explained.

4. This order of the Amildar is dated 18th October 1900. On the 17th of that month, the Deputy Commissioner had received a petition from the other applicant (Sadasivaiya) protesting that the sale had been conducted without notice to him. In reporting on this petition, the Amildar drew attention to the statement made by this petitioner in January 1900, that the shekdar had apprised him of the intended sale, but that he could not be present owing to illness. It was also reported that the sale had been postponed on account of the absence of darkhastdars on one or two

occasions. Without paying any attention to these circumstances the Assistant Commissioner in charge of the Taluk (Mr. B. Ramaswamiengar) set aside the sale on the ground that it had contravened the provisions of the Revenue Rules concerning due publication of sales.

5. The land was sold to a third party, notwithstanding the appellant's continued protests, and in reporting upon the subsequent sale; the Amildar mentioned the fact of the latter having cultivated the land in 1900-1901, and argued that as he had not finally obtained a saguvali chit, he was liable to pay the assessment and a fine. The Assistant Commissioner in his turn improved upon this and reported to the Deputy Commissioner that the appellant had entered upon the land before the issue of the permission, and though he himself had ordered a re-sale, reverted to the initial objection of the land containing the date trees and supported the Amildar's recommendation for the cancellation of the sale altogether. The Deputy Commissioner (Mr. Sparkes) adopted this last ground and decided to deprive the appellant of the land.

6. Government regret that cases of such importance to the interests of Government and the raiyats should be dealt with in such superficial manner. Both the Assistant Commissioner and the Deputy Commissioner should have known that sales of darkhast lands need not be set aside on such trivial grounds and that frequent cancellations and re-sales cause unnecessary annoyance to parties and eventual loss to Government. There is no gain in withholding lands from being granted for cultivation, because there may be some toddy trees standing on them. Fairly large areas with thick growth of date trees may well be reserved as date groves, but there is no reason for reserving every field on which there may be a few such trees, and the discretion may well be left with the Amildars and the higher Revenue Officers.

7. The land in this case should at once be made over to the petitioner.

No. PET.—1161-8, DATED BANGALORE, 17TH DECEMBER 1901.

ORDER.—The Government have noticed in several reports from the Deputy Commissioners of Districts, the use of the terms "Division" and "Divisional Assistant Commissioner". As these terms are not recognised by the Land Revenue Code or the Rules thereunder, Deputy Commissioners are requested to discontinue the use of such terms and to use instead "Taluk" and "Assistant Commissioner in charge of————Taluk", respectively.

Proceedings of the Government of Mysore,

No. 790-8, DATED BANGALORE, 5TH DECEMBER 1901.

ORDER—It has been brought to the notice of Government that the purity and cleanliness of "Theerthada Gundis" (ತೀರ್ಥದ ಗುಂಡಿಗಳು) within the Muzrai temples in the State are not being properly attended to. The Deputy Commissioners of Districts and the Palace Controller, Mysore, are requested to direct the temple Peshkars or Parpattegars to see that the "Theerthada Gundis" are cleaned every day and that the water therein is always kept pure. An early report as to the action taken in this behalf is requested.

(1) Endorsement No. 5677, dated 18th November 1901, from the First Assistant to the Hon'ble the Resident in Mysore, forwarding copy of a letter No. 3251, dated the 12th idem, from the Assistant Superintendent, Government Telegraphs, Bangalore Sub-Division, bringing to notice that, on the 11th instant, the Government wires on the Kitchetti Chattram road were broken by a car being forcibly dragged through them, causing much inconvenience and considerable expense, and requesting that the temple authorities be warned against such procedure, which renders them liable to prosecution under the Telegraph Act.

AND—

(2) Letter No. 652, dated 4th December 1901, from the Deputy Commissioner, Bangalore District, submitting a report on the above, as called for in this office docket No. 749, dated 26th November 1901.

No. 939-47, DATED BANGALORE, 28TH DECEMBER 1901.

ORDER THEREON.—The Deputy Commissioner reports that on the occasion of an outbreak of plague in Ramannanapet in the Bangalore City, the residents of the locality headed by their Shetti Mylaraiya, decided upon propitiating the goddess Annamma by taking the deity in procession in a car through the streets. The temple not having a car of its own, the car belonging to the Dharmaraya's temple was obtained on loan and the procession taken through several streets in the City, on the night of the 10th November last. After the close of the procession, the empty car was taken the same night along the nearest route by Kitchetti Chattram road, with the view of being returned to the Dharmaraya's temple. While proceeding along that road, the top of the car came into contact with the thin telephone wires connecting the General Post Office with the City Railway Station, and snapped them. The night being dark and the hour late (10-30 P. M.), the telephone wires, which were thin and lower at that point than elsewhere, were not visible. The incident was, however, immediately reported to the Yelahanka Gate Police Station by Shetti Mylaraiya, who was in charge of the car, and the broken pieces secured. The next day the occurrence was reported to the Assistant Superintendent of Telegraphs, and the telephone line duly repaired under the orders of that Officer.

2. Government are inclined to consider the incident which has formed the subject of the present correspondence as the result of an accident, but they think it necessary to direct that the persons concerned should be warned that any acts resulting in injury to Government telegraph or telephone wires will render them liable to

prosecution under the Telegraph Act. District Officers and the Police should always see that car processions and other processions parading in the public streets are conducted in such a manner as not to cause injury to any telegraph or telephone wires that may be met with along their route.

3. Copies of these Proceedings will be communicated to all Deputy Commissioners of Districts and to the Inspector General of Police for information and guidance.

AND—

(2) Docket No. 24, dated 24th September 1901, from the Superintendent of Inam Settlements in Mysore, forwarding extract of the Inam Register showing the circumstances under which the annual cash grant was resumed at the Inam Settlement.

No. 953-5, DATED BANGALORE, 28TH DECEMBER 1901.

ORDER THEREON.—From the papers read above, it is observed that the annual cash grant of Rs. 14-8-9 endowed to the Sri Kasivisweswaraswami temple at Channapatna was resumed during the Inam Settlement of 1880, on account of the then dilapidated condition of the institution.

2. The Deputy Commissioner, in recommending the restoration of the resumed cash grant to the temple, reports that the institution has now been thoroughly repaired at a cost of more than Rs. 800, that puja is being regularly conducted, and that *mutchalikas* from the archak as also from the dharmakartas of the temple have been obtained for the maintenance of the institution in good condition and for the regular performance of puja therein.

3. Under the circumstances represented by the Deputy Commissioner, the Government are pleased to sanction the restoration to the Sri Kasivisweswaraswami temple at Channapatna, of the resumed annual cash grant of Rs. 14-8-9.

No. 956-8, DATED BANGALORE, 28TH DECEMBER 1901.

ORDER THEREON.—From the papers read above, it is observed that the annual cash inam of Rs. 8-11-0 allowed to the Sri Venkataramanaswami temple in Mahimapur village, Nelamangala Taluk, was resumed at the Inam Settlement in 1878, on account of the then dilapidated condition of the temple. The Deputy Commissioner, in recommending the restoration to the temple of the resumed cash inam, reports that the institution has now been completely repaired.

2. In these circumstances, the Government are pleased to sanction the restoration, with effect from the date of this order, of the resumed annual cash inam of Rs. 8-11-0 to the Sri Venkataramanaswami temple in the Mahimapur village in the Nelamangala Taluk, and the Government presume that puja is revived in the temple. (1) The late Chief Commissioner's Proceedings No. 8004-15, dated 10th December 1877, directing that, if Muzrai stipends are left undrawn for more than six months, the payment of the arrears will not be allowed on the mere pretext of illness or other inconvenience, and that such arrears will, except for very satisfactory reasons, be treated as cancelled.

(2) Government Proceedings No. 3698-700—Muz. F. 142, dated 2nd July 1891, according sanction to the transfer of the payment of the Muzrai allowance of Mr. Advocate Raghavachar, *viz.*, Rs. 2-6-8 per mensem from the Pavagada to the Mysore Taluk.

(3) Docket No. 36, dated 31st July 1901, from the Deputy Commissioner, Mysore District, forwarding for sanction a bill for Rs. 273-1-4, being the amount of Ready Money allowance in arrears from July 1891 to the end of November 1900, at Rs. 2-6-8 per mensem, due to Mr. Raghavachar, Advocate.

No. 962-70, DATED BANGALORE, 31ST DECEMBER 1901.

ORDER THEREON.—So far back as 1891, Mr. Advocate Raghavachar applied to the Deputy Commissioner of the Tumkur District, praying that the monthly Muzrai stipendiary allowance of Rs. 2-6-8, payable to him from the Pavagada Taluk, might be transferred to Mysore, where he was residing. The Government in their Proceedings No. 3698-700—Muz. F. 142, dated 2nd July 1891, were accordingly pleased to sanction the transfer. But it is observed from the vernacular correspondence now received from the Deputy Commissioner of the Mysore District, that, ever since the transfer of the allowance in question to the Mysore Taluk in 1891, the stipendiary never appeared to draw his allowance; and that in July 1901, *i. e.*, nearly 10 years after, he, for the first time, petitioned the District Muzrai Officer of Mysore, praying for the payment of the arrears of his allowance.

2. In submitting a bill for Rs. 273-1-4, being the arrears of the said allowance due to the stipendiary for 9 years and 5 months, from the 1st July 1891, to the end of November 1900, the Amildar reported to the Deputy Commissioner that the name of the stipendiary had not been included in the Baraward of the Mysore Taluk, from the time the allowance was transferred from the Pavagada Taluk, by reason of the non-appearance of the stipendiary to receive payment from time to time. The Deputy Commissioner, however, submits the bill for sanction of Government, although the amount has lapsed to the State.

3. The stipendiary in his petition to the District Muzrai Officer, states that he did not draw the allowance from time to time, because he wished to draw it *in a lump sum.*

4. This reason, the Government think is not satisfactory and they therefore direct that the Standing Order on the subject issued by the late Chief Commissioner in Proceedings No. 8004-15, dated 10th December 1877 read above, must be enforced.

5. The bill is accordingly returned unsanctioned.

Petition No. 339, dated 14th October 1901, from Venkataraghavendra Das, Dharmakarta of the Sri Srinivasa Devaru temple at Mysore, praying for the continuance of the annual cash grant of Rs 5 and certain honors supplied from the Sri Prasanna Krishnaswami temple to the Sri Srinivasa Devaru temple, which were disallowed by the late Muzrai Superintendent.

No. 971—MUZ. F. 17-97, DATED BANGALORE, 31ST DECEMBER 1901.

ORDER THEREON.—A sum of Rs. 5 in cash was being annually paid from the savings of the Sri Prasanna Krishnaswami temple to the Sri Srinivasa Devaru temple in the Mysore City, during the car festival of the latter Institution.

2. At the time of the revision of the Tasdik Patti of the Sri Prasanna Krishnaswami temple in November 1899, the Palace Controller suggested that this amount, *viz.*, Rs. 5 per annum, payable to the Sri Srinivasa Devaru temple, might either be added on to the Tasdik amount of that temple, or that it might be continued to be paid from the savings of the Sri Prasanna Krishnaswami temple as heretofore. But the late Muzrai Superintendent disallowed the payment on the ground that the Sri Srinivasa Devaru temple was enjoying a separate Tasdik grant. A similar payment of Rs. 9 per annum from the savings of the Sri Prasanna Krishnaswami temple to the Sri Varahaswami temple for ಪೊಂಗಲ ನಿವೇದನ during the car festival was, however, continued, even after the revision.

3. The petitioner Venkataraghavendra Das states that, in addition to the cash payment of Rs. 5 for ವಾಹನ ಮಜಾಂ during the car festival, the marginally noted honors were being supplied from the Sri Prasanna Krishnaswami temple, and that they were stopped during the revision of the Tasdik Patti.

"ರಥೋತ್ಸವ, ಹುವ್ವಿನಬಡಿ, ಪೂರ್ಣಯೋತ್ಸವ, ತೀರ್ಥವಾಸಿ ಯಿ ನಾಲ್ಕು ದಿನಗಳಲ್ಲಿ ಭಂಡಿಕಾರರು, ನಾಲ ಗದವರು, ಮ್ಯಾಳದವರು, ಇವರುಗಳನ್ನ ಕಳುಹಿಸತ ಕ್ಕದ್ದು."

4. No satisfactory reason having been assigned for the discontinuance of the old annual allowance of Rs. 5 referred to above, Government consider it but fair that the payment of that allowance to the Sri Srinivasa Devaru temple from the funds of the Sri Prasanna Krishnaswami temple should be revived, and direct that the said allowance be added to the Tasdik of the Sri Prasanna Krishnaswami temple, and the requisite corrections made in the Tasdik Patti of that Institution. Similarly, the temple honors consisting of sending Bhandikars and Valagadavaru from the Sri Prasanna Krishnaswami temple to the Sri Srinivasa Devaru temple may be revived to the extent authorized by *mamul*. As regards Myaladavaru (dancing girls), they are not required to do service even in the Sri Prasanna Krishnaswami temple, and will not therefore be ordered to attend at the Sri Srinivasa Devaru temple.

5. The action taken by the Palace Controller under the terms of this order should be reported to Government for information.

READ THE FOLLOWING PAPERS—

(1) Letter No. 1131, dated 26th April 1901, from the late Muzrai Superintendent, to the Deputy Commissioner, Chitaldrug District, stating that, during his inspection of the Muzrai Institutions in the Chitaldrug District, it was brought to his notice that the musafirkhana and the masjid attached to Ahmed Sha Gumbaz at Chitaldrug, were in a dilapidated condition, and that the income derived from the inam village of Sujjanakere belonging to the Institution was being misappropriated by Gool Bahar Sha, the Manager thereof; and requesting therefore that instructions be issued to the Manager to repair the Institutions at an early date, to submit to the Deputy Commissioner's office an account of receipts and disbursements of the inam village; and also to warn him that, if he should fail to render proper accounts of the receipts and expenditure, the inam village would be placed under attachment.

(2) Letters Nos. 186—11 and 43—6, dated 7th September 1895 and 11th July 1896, respectively, from the Deputy Commissioner to the late Muzrai Secretary, reporting that the Manager Gool Bahar Sha had not kept accounts of the income and expenditure as promised, but that he had undertaken the repairs of the musafirkhana and the masjid, which were nearing completion.

(3) Government Proceedings No. 387, dated 9th September 1896, directing that, as the village of Sujjanakere had been granted to the Institution as a devadaya inam for the support of *Dipam* and *Fathya* etc., at the Gumbaz, regular accounts must be kept therefor in such form as may be prescribed by the Deputy Commissioner; and observing that, if the Manager Gool Bahar Sha would maintain such accounts from that year forward, the Government would condone the past, otherwise the inam village would be taken over under Government management, and the Institution managed by the Muzrai Department.

(4) *The following letter No. 120, dated 4th August 1901, from the Deputy Commissioner, Chitaldrug District :—*

1. In reply to Government Proceedings No. 387—Muz. F. 16-95, dated 9th September 1896, directing that Gool Bahar Sha, Manager of the Ahmed Sha Gumbaz at Chitaldrug, should be called upon to keep regular accounts of the income and expenditure of the Sujjanakere Inam village granted for the support of the Gumbaz, on pain of the village and the Gumbaz being taken under Government management, I have the honor to report that though the orders of Government were duly conveyed to the said Gool Bahar Sha, he failed to maintain the accounts and furnish them to the Taluk authorities. On his death in 1897, his brother and his son Ashraf Sha and Syed Abdul Rasakh, who succeeded to the management of the Inam and the Institution, have also declined to keep accounts, *vide* their Statements marked A and B., herewith submitted. They seem to be under the impression that the Government have no right to call upon them to keep an account of the income and expenditure of the inam village. They have failed also to furnish copies of the village accounts in Forms Nos. 14 and 15 as required by the Land Revenue Rules.

2. As reported in my predecessor's letter No. 943 of the 2nd May last, to the Secretary in the Revenue and General Departments, the inamdars have also failed to pay punctually the instalments due by them on account of the loan advanced to them under the Land Improvement Loans Regulation.

3. Under these circumstances, I beg that early orders may be passed for attaching the village and taking it under Government management and for placing the Gumbaz affairs on a sound footing, making due provision for the maintenance of the Dipam and the performance of the Fathya and the feeding of the poor at the Gumbaz.

No. 960-1—Muz. F. 16-95, DATED BANGALORE, 31ST DECEMBER 1901.

ORDER THEREON.—The default by the Managers to keep regular accounts of the income and expenditure of the inam village, after the clear warning of 1896 makes it incumbent upon Government to take possession of the inam village, and manage the Institution in the Muzrai Department. The Deputy Commissioner will accordingly proceed to assume the management of the village of Sujjanakere, and administer the same on behalf of the Institution to which it has been endowed.

2. The Deputy Commissioner is also requested to submit detailed proposals for the performance of the Fathya etc., and the feeding of the poor at the Gumbaz.

3. The question of the Managers of the Institution having failed to furnish copies of the village accounts in Forms Nos. 14 and 15 as required by the Land Revenue Rules, and of the inamdars having also failed to pay punctually the instalments due by them on account of the loan advanced to them under the Land Improvement Loans Regulation, cannot be dealt with in the Muzrai Department. The Deputy Commissioner should take the needful action in the matter in the Revenue Department.

PUBLIC WORKS

Proceedings of the Government of Mysore,

READ—

Office note dated 29th November 1901, by the Chief Engineer of Mysore, in re *wilful damage caused to the Cauvery Scheme Transmission Line by villagers.*

The question of preserving the line from wilful damage by ill-disposed persons has occupied our attention from the commencement of its erection.

1. As a preliminary step the following notification appeared in the *Mysore Gazette*:—

CAUVERY POWER SCHEME.

Public Works No. 8-10—48-50, dated 7th January 1901.

The Deputy Commissioners of Bangalore, Kolar and Mysore Districts, are requested to warn all those concerned within their respective jurisdiction that the erection of the Cauvery Transmission Line from Sivasamudram to the Kolar Gold Fields will shortly be undertaken by the Public Works Department.

(2). The line will pass through the following taluks:—

Malvalli Taluk	... ...	Mysore District.
Kankanhalli Taluk Anekal do	... ...	Bangalore do
Malur do Bowringpet do	... ...	Kolar do

(3). The cordial co-operation of all District and Village officers with the Public Works Department Officers in this work is most necessary. A very small quantity of land will be required permanently, and as a rule the villagers will be free to cultivate beneath the lines.

(4). Compensation will be given for any damage done to standing crops, etc., during the progress of the work.

(5). The head of each taluk and village should be held personally responsible that no damage is done to the line within his charge, that no pegs, stones or materials are removed.

(6). All villagers should be warned on no account to attempt to climb the poles or touch the line of conductors even with a wooden rod, as this will mean instant death, owing to the high pressure carried on the line. Also in the event of a wire falling to the ground. This may look most harmless, but the fact of a person or animal touching it will surely result in death.

(7). The above facts should be widely circulated and impressed on the people from the very commencement.

(8). Before the current is turned on, hand-bills will be posted in every village along the line.

Later on a notice in English and in the Vernacular was distributed to the heads of villages from end to end of the line, by the Deputy Commissioners concerned:—

CAUVERY POWER SCHEME.

Notice.

The public are warned not to in any way interfere or meddle with the Cauvery Power Transmission Line. The line carries a powerful current and is therefore a dangerous thing for any person to touch with the naked hand, a kite-string, or even with a stick. Should the line break and the ends fall to the ground, do not on any account touch it, but report the matter to the nearest authorities. It should not be confounded with the Telegraph line, but unlike it anybody who touches it will meet with instant death. Do not therefore, either from curiosity or mischievous motives, in any way meddle with the poles, wires, or the glass insulators that carry the wires. Any attempt to meddle with the line will be seriously dealt with by the Government.

Heads of villages are requested to explain the purport of this notice to all persons within their charge and to especially impress on all children the terrible results which will follow any tampering with the line.

Apparently the villagers have taken no notice of these warnings, as quite recently eight insulators were destroyed near the same villages.

2. These insulators (the broken ones) had been erected and were therefore 18 feet above the ground surface. In order to damage them the villagers must have either deliberately climbed the poles or thrown stones.

3. As explained in the notice already distributed, had the current been on at the time the insulators were destroyed, a fatal accident might possibly have occurred.

4. Apart of this, the transmission line would have been thrown out of operation and endless inconvenience caused to the Mining Companies and Cauvery Power Scheme staff, not to mention loss of revenue to Government.

5. The question of the continuity of working of the transmission line is one of vital importance.

In India such a state of affairs would be dealt with by the Government in either of the following ways:—

A or 1st. A subsidy would be given to the head of each village of Rs. x per month, as long as the line across his land remained intact.

B or 2nd. A fine of Rs. x would be imposed on the head of the village through whose land the line ran, if it were damaged.

C or 3rd. A Policeman would be quartered in the offending village and retained there at the cost of the villagers.

In America, the question is often privately settled by having recourse to a subsidy as mentioned in A.

6. Originally, it was proposed to station watchmen at every five miles along the line, but this proposal has been dropped, as it would be practically useless. The men could not be on duty night and day and evil-disposed persons could always damage the line when the watchman was at the other end of his beat.

7. Under these circumstances, it appears to me that we must insist on the heads of villages being held responsible for the section of the line within their lands, and it remains for Government to decide if these men are to be induced by means of a monthly subsidy to protect the line or to be ordered to do so, and fined when the line is damaged within their lands, or to be treated as proposed in sub-clause C, para 5.

8. This question requires a very early solution and definite steps for the protection of the line must be taken at once.

9. The number of villages along the mile and within one mile of it on either side is approximately 210.

No. 881-5—6508-12, dated Bangalore, 17th December 1901.

Order thereon.—The Government have been pleased to order that the heads of the villages concerned (Patels), must be held responsible for any damage caused to the Transmission Line passing through their villages, and that the defaulting Patels should be severely punished.

The Deputy Commissioners of Mysore, Bangalore and Kolar Districts, will be good enough to personally impress this upon the heads of villages and issue necessary instructions to the Amildars concerned.

All Police officers should be instructed to enquire about the safety of the line whenever they are on their boats, and remind the Patels of their duty.

II A subsidy of Rs. 2 per month will be given to each Patel for additional duty involved, as long as the section of the line passing close to or across his village lands, remains intact.
